(a) Pay all renewal fees and other fees and costs associated with maintaining the Intellectual Property and with the processing and prosecution of the Intellectual Property and take all other steps reasonably necessary to maintain each registration of the Intellectual Property to the extent such Intellectual Property is registered, except, in each case, to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect.

(b) Take all actions reasonably necessary to prevent any of the Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way, except, in each case, to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect.

(c) At the Grantor's sole cost, expense, and risk, pursue the processing and prosecution of each application for registration which is the subject of the security interest created herein and not abandon or delay any such efforts, except, in each case, to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect.

(d) At the Grantor's sole cost, expense, and risk, take any and all action which the Grantor reasonably deems necessary or desirable under the circumstances to protect the Intellectual Property from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions, except, in each

case, to the extent that the failure to do so could not reasonably be expected to have a Material Adverse Effect.

SECTION 4. Grantor's Representations and Warranties. In addition to any representations and warranties contained in any of the other Loan Documents, the Grantor represents and warrants that:

(a) **EXHIBIT A** is a true, correct and complete list of all United States Copyrights owned by the Grantor and all Copyright Licenses to which the Grantor is a party as of the date hereof.

(b) **EXHIBIT B** is a true, correct and complete list of all Mask Works owned by the Grantor.

(c) **EXHIBIT C** is a true, correct and complete list of all United States Patents owned by the Grantor and all Patent Licenses to which the Grantor is a party as of the date hereof.

(d) **EXHIBIT D** is a true, correct and complete list of all United States Trademarks owned by the Grantor and all Trademark Licenses to which the Grantor is a party as of the date hereof.

(e) Except as set forth in **EXHIBITS A, B, C and D**, none of the Intellectual Property owned by the Grantor is the subject of any licensing or franchise agreement pursuant to which the Grantor is the licensor or franchisor as of the date hereof.

(f) All IP Collateral owned by the Grantor is, and shall remain, free and clear of all liens, encumbrances, or security interests in favor of any Person except for (i) liens permitted by the Loan Agreement and (ii) the interests of licensors and licensees permitted hereby.

(g) The Grantor possesses and duly holds or has the right to use all Intellectual Property, in each case free from burdensome restrictions and without conflict of the rights or claimed rights of others. The Grantor is not in violation of any thereof in any material respect and no cause exists for the revocation of any thereof. Except as set forth on **EXHIBITS A, B, C and D** annexed hereto (which Exhibits may be amended from time to time after the Closing Date), the Grantor owns or has the right to use all of its advertising lists, subscription lists, customer lists, mailing lists, sales and purchasing correspondence and surveys, data files, records, data processing records and other rights in any of the foregoing to the extent necessary in the conduct of its business, without conflict of the rights or claimed rights of others. All of the material Intellectual Property (whether registered or unregistered or applications pending therefor) of the Grantor, whether owned or licensed either as licensor or licensee, and tradenames are accurately listed on **EXHIBITS A, B, C and D** annexed hereto (which Exhibits may be amended from time to time after the Closing Date), with appropriate indication made as to the licensor/licensee status thereof and registration and serial numbers therefor. No event has

occurred which permits, or after notice or lapse of time, or both, would permit the revocation or termination of any of the foregoing Intellectual Property or tradenames to the extent the revocation or termination thereof would reasonably be likely to have a Material Adverse Effect. No litigation or cancellation, opposition, infringement, abandonment or other proceeding with respect to any such rights has been threatened in writing against the Grantor which would reasonably be likely to have a Material Adverse Effect.

(h) The Grantor shall give the Secured Party prompt written notice, with reasonable detail, following the occurrence of any of the following:

(i) The Grantor's obtaining rights to, and filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any registered Intellectual Property (other than the acquisition by the Grantor of the right to sell products containing the trademarks of others in the ordinary course of the Grantor's business).

(ii) The Grantor's becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor (other than commercially available off the shelf computer programs, products or applications and the Grantor's right to sell products containing the trademarks of others in the ordinary course of the Grantor's business).

(iii) The Grantor's entering into any new Licenses with respect to the Intellectual Property (other than commercially available off the shelf computer programs, products or applications and the Grantor's right to sell products containing the trademarks of others in the ordinary course of the Grantor's business).

(iv) The Grantor's knowing that any application or registration relating to any Intellectual Property may, other than as provided in SECTION 3 above, become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal) regarding the Grantor's ownership of, or the validity or enforceability of, any Intellectual Property or the Grantor's right to register the same or to own and maintain the same.

(i) The Grantor has the unqualified right to enter into this Agreement and perform its terms and has entered into written agreements with each of its present and future employees, agents and consultants which will enable it to comply with the covenants contained herein.

SECTION 5. Agreement Applies to Future Intellectual Property.

(a) The provisions of this Agreement shall automatically apply to any such additional property or rights described in subsections (i), (ii), (iii), and (iv) of SECTION 4(h), above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of this Agreement. Upon the acquisition by the Grantor of any additional Intellectual Property, the Grantor shall promptly deliver to the Secured Party an updated **EXHIBIT A, B, C and/or D** (as applicable) to this Agreement and hereby authorizes the Secured Party to file, at the Grantor's expense, such updated Exhibit as set forth in SECTION 5(b).

(b) The Grantor shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Secured Party may reasonably request to evidence the Secured Party's security interest in any Intellectual Property (including, without limitation, filings with the PTO, the Copyright Office or any similar office), and the Grantor hereby constitutes the Secured Party as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all such acts of such attorney being hereby ratified and confirmed; provided, however, that the Secured Party's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

(c) Grantor hereby authorizes and requests that the Register of Copyrights and the Commissioner of Patents and Trademarks record this Agreement, and any amendments thereto, or copies thereof.

SECTION 6. Grantor's Rights To Enforce Intellectual Property. Prior to the occurrence of an Event of Default, the Grantor shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property, including the right to seek injunctions and/or money damages in an effort by the Grantor to protect the Intellectual Property against encroachment by third parties, provided, however, that:

(a) The Grantor provides the Secured Party with written notice of the Grantor's institution of any legal proceedings for enforcement of any Intellectual Property, the infringement of which could reasonably be expected to have a Material Adverse Effect.

(b) Any money damages awarded or received by the Grantor on account of such suit (or the threat of such suit) shall constitute IP Collateral.

(c) Upon the occurrence and during the continuance of any Event of Default, the Secured Party, by notice to the Grantor, may terminate or limit the Grantor's rights under this SECTION 6.

SECTION 7. Secured Party's Actions To Protect Intellectual Property. In the event of

(a) the Grantor's failure, within thirty (30) days of written notice from the Secured Party, to cure any failure by the Grantor to observe or perform any of the Grantor's covenants, agreements or other obligations hereunder; and/or

(b) the occurrence and continuance of any other Event of Default,

the Secured Party, acting in its own name or in that of the Grantor, may (but shall not be required to) act in the Grantor's place and stead and/or in the Secured Party's own right in connection therewith.

SECTION 8. Rights Upon Default. Upon the occurrence and during the continuance of an Event of Default, in addition to all other rights and remedies, the Secured Party may exercise all rights and remedies of a secured party under the UCC, with respect to the Intellectual Property, in addition to which the Secured Party may sell, license, assign, transfer, or otherwise dispose of the Intellectual Property, subject to those restrictions to which the Grantor is subject under applicable law and by contract. Any person may conclusively rely upon an affidavit of an officer of the Secured Party that an Event of Default has occurred and that the Secured Party is authorized to exercise such rights and remedies.

SECTION 9. Secured Party As Attorney-In-Fact.

(a) The Grantor hereby irrevocably makes, constitutes and appoints the Secured Party (and all officers, employees or agents designated by the Secured Party) as and for the Grantor's true and lawful agent and attorney-in-fact, effective following the occurrence and during the continuance of any Event of Default, and in such capacity the Secured Party shall have the right, with power of substitution for the Grantor and in the Grantor's name or otherwise, for the use and benefit of the Secured Party:

(i) To supplement and amend from time to time **EXHIBITS A, B, C** and **D** of this Agreement to include any newly developed, applied for, registered, or acquired Intellectual Property of the Grantor.

(ii) To exercise any of the rights and powers referenced herein.

(iii) To execute all such instruments, documents, and papers as the Secured Party reasonably determines to be necessary or desirable in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property, subject to those restrictions to which the Grantor is subject under applicable law and by contract.

(b) The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Secured Party.

(c) The Secured Party shall not be obligated to do any of the acts or to exercise any of the powers authorized by SECTION 9(a), but if the Secured Party elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to the Grantor for any act or omission to act, except where a court of competent

jurisdiction determines by final and nonappealable judgment that the subject act or omission to act has resulted from the gross negligence or willful misconduct of the Secured Party.

SECTION 10. Secured Party's Rights. Any use by the Secured Party of the Intellectual Property, as authorized hereunder in connection with the exercise of the Secured Party's rights and remedies under this Agreement, the Loan Agreement and the Security Agreement shall be coextensive with the Grantor's rights thereunder and with respect thereto and without any liability for royalties or other related charges.

SECTION 11. Intent. This Agreement is being executed and delivered by the Grantor for the purpose of registering and confirming the grant of the security interest of the Secured Party in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the Security Interest granted to the Secured Party under the Loan Agreement. All provisions of the Loan Agreement (including, without limitation, the rights, remedies, powers, privileges and discretions of the Secured Party thereunder) shall apply to the IP Collateral. In the event of a conflict between this Agreement and the Loan Agreement, the terms of this Agreement shall control with respect to the IP Collateral and the terms of the Loan Agreement shall control with respect to all other Collateral.

SECTION 12. Further Assurances. The Grantor agrees, at its own expense, to execute, acknowledge, deliver and cause to be duly filed all such further documents, financing statements, agreements and instruments and take all such further actions as the Secured Party may from time to time reasonably request to better assure, preserve, protect and perfect the security interest in the IP Collateral granted pursuant to this Agreement and the rights and remedies created hereby or the validity or priority of such security interest, including the payment of any fees and taxes required in connection with the execution and delivery of this Agreement, the granting of the security interest and the filing of any financing statements or other documents in connection herewith or therewith.

SECTION 13. Termination: Release of IP Collateral. Except for those provisions which expressly survive the termination thereof, this Agreement and the security interest granted herein shall terminate when all of the Obligations have been paid in full in cash or otherwise satisfied, at which time the Secured Party shall execute and deliver to the Grantor, at the Grantor's expense, all UCC termination statements, releases and similar documents that the Grantor shall reasonably request to evidence such termination (including, without limitation, necessary filings with the PTO, the Copyright Office and any similar office, as applicable); provided, however, that the Loan Agreement, this Agreement, and the security interest granted herein shall be reinstated if at any time payment, or any part thereof, of any Obligation is rescinded or must otherwise be restored by the Secured Party upon the bankruptcy or reorganization of the Grantor. Any execution and delivery of termination statements, releases or other documents pursuant to this SECTION 13 shall be without recourse to, or warranty by, the Secured Party.

SECTION 14. Choice of Law. This Agreement shall be construed in accordance with and governed by the laws of the Commonwealth of Massachusetts, without reference to the conflicts or choice of laws principles thereof, except to the extent that remedies provided by the laws of any State other than Massachusetts are governed by the laws of said State.

SECTION 15. Loan Agreement. This Agreement is a Loan Document executed pursuant to the Loan Agreement and shall (unless otherwise expressly indicated herein) be construed, administered and applied in accordance with the terms and provisions of the Loan Agreement.

SECTION 16. Secured Party's Fees and Expenses. Any and all reasonable fees, costs and expenses, of whatever kind or nature, including reasonable attorneys' fees and legal expenses incurred by the Secured Party in connection with the preparation of this Agreement and all other documents relating hereto and the consummation of this transaction, the filing and recording of any documents (including all taxes in connection therewith) in public offices, the payment or discharge of any taxes, counsel fees, maintenance fees, encumbrances or otherwise protecting, maintaining and/or preserving the IP Collateral, or in defending or prosecuting any actions or proceedings arising out of or related to the IP Collateral, shall be borne and paid by the Grantor on demand by the Secured Party and until so paid, shall be added to the principal amount of the Obligations and shall bear interest at the highest rate prescribed under the Obligations.

SECTION 17. Counterparts. This Agreement may be executed and delivered by exchange of facsimile signatures of the parties, and those signatures need not be affixed to the same copy. This Agreement may be executed in any number of counterparts.

SECTION 18. SBA Provisions. The Loan secured by this Agreement was made under a United States Small Business Administration (SBA) nationwide program which uses tax dollars to assist small business owners. If the United States is seeking to enforce this document, then under SBA regulations:

- a. When the SBA is the holder of the Note, this document and all documents evidencing or securing this Loan will be construed in accordance with federal law.
- b. Bank or SBA may use local or state procedures for purposes such as filing papers, recording documents, giving notice, foreclosing liens, and other purposes. By using these procedures, SBA does not waive any federal immunity from local or state control, penalty, tax or liability. No Borrower or Guarantor may claim or assert against SBA any local or state law to deny any obligation of Borrower, or defeat any claim of SBA with respect to this Loan.

Any clause in this document requiring arbitration is not enforceable when SBA is the holder of the Note secured by this instrument.
