TRADEMARK AND DOMAIN NAME ASSIGNMENT AGREEMENT

This trademark and domain name assignment agreement is dated December 12, 2017 (the "Effective Date") and is between VeloCloud Networks, LLC (formerly known as VeloCloud Networks, Inc.), a Delaware corporation, ("Assignor") and Nicira, Inc., a Delaware corporation ("Assignee"). Each of Assignor and Assignee are referred to herein as a "Party" or, collectively, as the "Parties."

Under the Intellectual Property Distribution Agreement, dated December 12, 2017 (the "IP Distribution Agreement"), Assignor has agreed to assign to Assignee all of Assignor's right, title and interest in all of the Intellectual Property (as defined in the IP Distribution Agreement) owned by Assignor, including without limitation, the registered and un-registered trademarks set forth in Exhibit A (the "Assignor Trademarks"), the domain names set forth in Exhibit B (the "Assignor Domain Names"), and the entire right, title and interest in and to any and all claims and demands Assignor may have either at law or in equity arising out of past, present or future third party infringement thereof.

Assignee desires to acquire all of Assignor's right, title and interest in the Assignor Trademarks and Domain Names, together with the goodwill of the business connected with and symbolized by the Assignor Trademarks and Domain Names.

In exchange for the value of \$1 and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor does hereby sell and assign unto Assignee all of Assignor's right, title and interest in the Assignor Trademarks and Domain Names, together with the goodwill of the business connected with and symbolized by the Assignor Trademarks and Domain Names, and including all rights to recover damages for any and all past, current or future infringement thereof. Assignor hereby authorizes and requests the Commissioner of the United States Patent and Trademark Office, the United States Copyright Office and other corresponding entities or agencies in any applicable foreign country, as appropriate, to record Assignee as assignee and owner of the Assignor Trademarks and Domain Names.

In case of any conflict between the terms and conditions of this agreement and the terms and conditions of the IP Distribution Agreement, the terms and conditions of the IP Distribution Agreement shall govern. This agreement may be executed in two or more counterparts and by the different parties hereto on separate counterparts, each of which when so executed and delivered will be an original, but all of which together will constitute one and the same instrument. Any such counterpart, to the extent delivered by means of electronic or digital delivery such as in Adobe Portable Document Format or using generally recognized e-signature technology (e.g., DocuSign or Adobe Sign) will be treated in all manner and respects as an original executed counterpart and will be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. This agreement will be governed by and construed in accordance with the laws of the State of Delaware, regardless of the laws that might otherwise govern under applicable principles of conflicts of law.
