TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (this "Assignment") is made as of May 17, 2018 (the "Effective Date"), by and between Stormed Inc., a Delaware corporation ("Assignor"), and Document Technologies, LLC, a Georgia limited liability company ("Assignee").

WHEREAS, Assignor and Assignee are parties to that certain Purchase and Sale Agreement dated as of the date hereof (the "Purchase Agreement"), pursuant to which Assignor has agreed to sell and Assignee has agreed to purchase, among other things, the trademarks identified in Exhibit A hereto;

WHEREAS, Assignor is the owner of the entire right, title, and interest in, to, and under the trademarks listed on Exhibit A and the goodwill associated with all of the foregoing (collectively, the "Trademarks"); and

WHEREAS, Assignee, at its request and direction, wishes to acquire and Assignor wishes to assign all of Assignor's right, title, and interest in and to the Trademarks.

NOW, THEREFORE, for good and valuable consideration (including the premises and covenants set forth in the Purchase Agreement), the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignor hereby irrevocably sells, assigns, transfers, and sets over to Assignee all of Assignor's right, title, and interest in and to the Trademarks, together with the goodwill of the business in connection with which the Trademarks are used, and all registrations, renewals, and extensions of the foregoing, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made, together with all income, royalties, damages, or payments due or payable as of the Effective Date or thereafter related to any of the foregoing, including, without limitation, all claims for damages by reason of past, present, or future infringement or other unauthorized use of the Trademarks, with the right to sue for and collect the same for Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

2. Assignor authorizes and requests the United States Commissioner of Patents and Trademarks and any other similar government authority to record Assignee as owner of the Trademarks and issue any and all registrations issued thereon to Assignee, as assignee of the entire right, title, and interest in, to, and under the same, for the sole use and enjoyment of Assignee and its successors, assigns, or other legal representatives.

3. Assignor shall provide Assignee, its successors, assigns, or other legal representatives, cooperation and assistance at Assignee's request and expense (including the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney, or other documentation) as may be reasonably required in the implementation or perfection of this Assignment and in the preparation and prosecution of any application for registration or renewal of a registration covering any of the Trademarks.

4. All of the terms and provisions of this Assignment will apply to, be binding in all respects upon and inure to the benefit of the parties hereto and their respective successors and assigns. None of the provisions of this Assignment shall be varied or terminated except by written agreement of the parties hereto. If any provisions of this Assignment shall be held invalid or unenforceable by any court of competent jurisdiction, the remainder of this Assignment shall not be affected thereby and each other term, covenant, condition, and provision shall be valid and enforceable to the fullest extent permitted by law. This Assignment may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. The headings contained in this Assignment are for reference purposes only and shall not affect in any way the meaning or interpretation of this Assignment.

5. Except to that extent that federal law preempts state law with respect to the matters covered hereby, this Assignment shall be governed by, construed under and enforced in accordance with the laws of the State of New York, without giving effect to any choice or conflict of laws provision or rule (whether of the State of New York or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the State of New York.

6. This Assignment is being delivered pursuant to, and is subject to all the terms of, the Purchase Agreement, the terms and conditions of which are hereby incorporated into this Assignment by this reference. Nothing herein contained shall itself change, amend, extend or alter (nor shall it be deemed or construed as changing, amending, extending or altering) the terms of the Purchase Agreement in any manner whatsoever. In the event of any conflict or other difference between the Purchase Agreement and this Assignment, the provisions of the Purchase Agreement shall control.

7. This Assignment is for the sole benefit of the parties hereto and their permitted successors and assigns, and nothing herein expressed or implied shall give or be construed to give to any Person, other than the parties hereto and such successors and assigns, any legal or equitable rights, remedy or claim hereunder.
