**GRANT OF SECURITY INTEREST
(TRADEMARKS, SERVICE MARKS AND TRADE NAMES)**

THIS GRANT OF SECURITY INTEREST (TRADEMARKS, SERVICE MARKS AND TRADE NAMES) is dated as of May 30, 2018, between The Schebler Co., an Illinois corporation (the “**Assignee**”), and Specialty Process Engineering Company, LLC an Illinois limited liability company (the “**Assignor**”). Capitalized terms used, but not otherwise defined herein, shall have the meanings given to such terms in the Security Agreement (as defined below).

WHEREAS, pursuant to the terms of a Security Agreement, dated as of May 30, 2018 (as the same from time to time hereafter may be amended, restated, supplemented or otherwise modified, the “**Security Agreement**”), in favor of the Assignee, the Assignor has granted to the Assignee a security interest in all of the Assignor’s right, title and interest, whether presently existing or hereafter arising or acquired, in, to and under all of the Collateral, which includes the Registered Tradename described in Exhibit “A” attached hereto.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, as collateral security for the prompt and complete payment and performance when due of the Secured Obligations, the Assignor hereby represents, warrants, covenants and agrees as follows:

As security for the full, complete and final payment and performance when due (whether at stated maturity, by acceleration or otherwise) of all the Secured Obligations, Assignor hereby mortgages, pledges and hypothecates to the Assignee, and hereby grants to the Assignee, a security interest in and to all of Assignor’s respective right, title and interest in, to and under each of the following:

- (a) all Trademarks, including, without limitation, each registered trademark, trade name and service mark and each trademark, trade name and service mark application for registration listed on *Schedule A* hereto, including, without limitation, all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all reissues, continuations, continuations-in-part and renewals thereof; and
- (b) the goodwill of the business connected with the use of, and symbolized by, each Trademark.

The Assignee does hereby further acknowledge and affirm that the rights and remedies of the Assignee with respect to the assignment of, and security interest in, the Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference.

Following the termination of the Security Agreement in accordance with its terms, the security interest in the Trademarks, the goodwill thereof and any and all financing statements filed on

behalf of the Assignee will be automatically terminated, released, and/or reassigned to the Assignor, and, on the terms and conditions set forth in the Security Agreement, the Assignee will execute, acknowledge and deliver to each Assignor such instruments as may be reasonably requested to evidence such termination, release, and/or reassignment.

In the event of a conflict between the terms of this Grant of Security Interest (Trademarks, Service Marks and Trade Names) and the terms of the Security Agreement, the terms of the Security Agreement shall prevail.
