**TRADEMARK ASSIGNMENT**

Pursuant and subject to the Separation and Distribution Agreement, dated as of September 22, 2016, between Honeywell International Inc., a Delaware corporation (“Honeywell”), and AdvanSix Resins & Chemicals LLC, a Delaware corporation (“AdvanSix”), Honeywell hereby assigns its right, title, and interest in and to the trademarks, service marks and trade dress identified in Schedule A attached hereto (the “Trademarks”) to AdvanSix. This assignment includes Honeywell’s rights of priority; its goodwill of the business symbolized by the Trademarks; its common law rights associated with the Trademarks; its rights to file applications to register such Trademarks and to obtain and own registrations therefor; and its rights to sue for and collect on claims for injunctive or monetary relief by reason of past, present, or future infringement of any Trademarks; all of the foregoing rights exercisable anywhere in the world as permitted by law. Without limitation to the generality of the foregoing, with respect to any United States intent-to-use trademark applications included in the Trademarks (“ITU Applications”), the assignment granted hereunder accompanies, pursuant to the transactions contemplated by the Separation Agreement, the transfer of the business or portion of the business of the assignor to which such ITU Applications pertain, and that business is ongoing and existing, or the transfer of such ITU Applications shall not be effective until the expiration of any period during which the assignment thereof would impair, under applicable federal law, the registrability of such ITU Applications or the validity or enforceability of registrations issuing from such ITU Applications. Honeywell hereby authorizes the Commissioner for Trademarks in the United States Patent and Trademark Office to record and register this Trademark Assignment, and Honeywell further agrees to execute all documents that are both necessary and reasonably requested by AdvanSix to perfect AdvanSix’s title and attest to AdvanSix’s goodwill in and to the Trademarks.

IN WITNESS WHEREOF, Honeywell has caused this Trademark Assignment to be duly executed effective as of September 29, 2016.
