## ASSIGNMENT OF TECHNOLOGY AGREEMENT

This Assignment of Technology Agreement (this "*Agreement*") is entered into and is effective on April 21, 2014 (the "*Agreement Date*"), by and between Dropbox, Inc., a Delaware corporation (the "*Company*"), and Barker Acquisition Sub II, LLC, a Delaware limited liability company (the "*Assignor*").

### RECITALS

WHEREAS, Company is the owner of Assignor, and has determined that it wishes Assignor to transfer certain assets, defined below as the Assigned Assets, to Company pursuant to this terms of this Agreement, free and clear of all Encumbrances.

WHEREAS, Assignor is the owner of all right, title and interest of the Assigned Assets (as defined below), and, effective as of the Agreement Date, Assignor desires to assign and transfer to the Company all of Assignor's right, title and interest in and to the Assigned Assets and other related rights as further described herein.

NOW THEREFORE, the Company and Assignor hereby agree as follows:

1.5 Intellectual Property Rights. The term "*Intellectual Property Rights*" means, collectively, any and all of the following and all rights in, arising out of, or associated therewith, throughout the world: patents, utility models, and applications therefor and all reissues, divisions, re-examinations, renewals, extensions, provisionals, continuations and continuations-in-part thereof and equivalent or similar rights in inventions and discoveries anywhere in the world, including invention disclosures, common law and statutory rights associated with trade secrets, confidential and proprietary information and know-how, industrial designs and any registrations and applications therefor, trade names, logos, trade dress, trademarks and service marks, trademark and service mark registrations,

trademark and service mark applications and any and all goodwill associated with and symbolized by the foregoing items, database rights, Internet domain name applications and registrations, Internet and World Wide Web URLs or addresses, copyrights, copyright registrations and applications therefor and all other rights corresponding thereto, mask works, mask work registrations and applications therefor and any equivalent or similar rights in semiconductor masks, layouts, architectures or topology, moral and economic rights of authors and inventors, however denominated and any similar or equivalent rights to any of the foregoing (which currently exist or are recognized in the future).

2. Assignment. Effective as of the Agreement Date, Assignor hereby forever sells, assigns, transfers, releases and conveys to the Company, and its successors and assigns, Assignor's entire right, title and interest in and to each and all of the Assigned Assets, including all Intellectual Property Rights therein. Effective as of the Agreement Date, Assignor hereby forever sells, assigns, transfers and conveys to the Company, and its successors and assigns, all right, title, and interest in and to all causes of action and enforcement rights for the Assigned Assets, including all rights to pursue and retain damages, injunctive relief and other remedies for past, current and future infringement of any Intellectual Property Rights. Assignor agrees to deliver all Embodiments of all Assigned Assets to the Company at a location designated by the Company no later than the Agreement Date.

IN WITNESS WHEREOF, the undersigned have executed this Assignment of Technology Agreement on the Agreement Date.
