## ASSIGNMENT

WHEREAS, Intellus Automotive Systems, LLC (hereinafter "Assignor One") received registrations for trademarks and filed pending trademark applications listed hereto as Exhibit A (hereinafter referred to as the "Marks"); and

WHEREAS Assignor One wishes to assign any right, title, and interest it may hold in and to the Marks to Dent Wizard International Corporation (hereinafter referred to as "Assignee"), an United States of America corporation, with an address of 4710 Earth City Expressway, Bridgeton, MO 63044;

WHEREAS SGB Appraisal Holdings, LLC (hereinafter "Assignor Two") formerly known as Intellus Automotive Systems, LLC desires to assign all right, title, and interest in and to the Marks to Assignee; and

WHEREIN Assignee desires to acquire the entire right, title, and interest in and to the Marks;

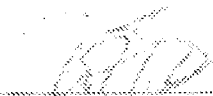

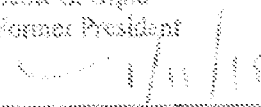

NOW, THEREFORE, for and in consideration of One United States Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor One and Assignor Two hereby assign to Assignee, all right, title and interest in and to said applications and all Marks insofar as the interest of Assignor One and Assignor Two is concerned, to Assignee as follows:

Assignor One and Assignor Two hereby sell, convey, assign and transfer to Assignee all of the right, title and interest to the Marks held by Assignor One and Assignor Two, together with the goodwill of the business and activities generated thereby, symbolized thereby and associated therewith, free and clear of all Encumbrances, other than Permitted Encumbrances; all rights of priority therein in any country as may now or hereafter be granted to it by law, treaty or other international convention; and all rights, interests, claims and demands recoverable in law or equity, that Assignor One and/or Assignor Two has or may have in profits and damages for past, present and future infringements of the Marks, including, without limitation, the right to compromise, sue for and collect such profits and damages; the same to be held and enjoyed by Assignee, its successors and assigns or their legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor One and/or Assignor Two if this Assignment had not been made. Assignor One and Assignor Two are assigning the Marks as part of the entire business or portion thereof to which the Mark pertains, and Assignee is the successor of the ongoing and existing business of Assignor One and/or Assignor Two to which the Marks pertain. From and after the Closing Date, Assignor One and/or Assignor Two shall, without further consideration, execute and deliver such instruments of transfer, conveyance, assignment and assumption, in addition to the Ancillary Agreements, and take such other action as may reasonably be necessary to consummate or to give effect to the Contemplated Transactions. Nothing in this Assignment, express or implied, is intended to or shall be construed to modify, expand, supersede or limit in any way the terms, conditions or obligations of the Agreement. To the extent any provision of this Assignment conflicts with or is inconsistent with the terms of the Agreement, the Agreement shall control and govern.

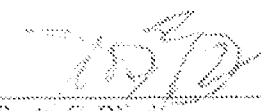

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
