RELEASE OF SECURITY INTEREST IN INTELLECTUAL PROPERTY

This RELEASE OF SECURITY INTEREST IN INTELLECTUAL PROPERTY (this “**Release**”), dated as of May 21, 2018, is made by Lloyds Bank plc, as security trustee for the Secured Parties (in such capacity, the “**Security Agent**”), in favor of Radius (USA), Inc., a Delaware corporation (the “**Grantor**”). Capitalized terms used but not defined herein have the meanings assigned to them in the Intellectual Property Security Agreement (as defined below).

W I T N E S S E T H:

WHEREAS, Security Agent and Grantor are parties to that certain Security Agreement dated as of June 2, 2014 (as amended, restated, or otherwise modified from time to time, the “**Security Agreement**”), pursuant to which Grantor granted to Security Agent, for the ratable benefit of the Lenders, a security interest in all of Grantor’s right, title and interest, whether presently existing or hereafter acquired in, to and under all of the Collateral (as defined in the Security Agreement);

WHEREAS, in connection with the Security Agreement and the Other UK Loan Documents, Grantor and Security Agent entered into that certain Intellectual Property Security Agreement as of June 2, 2014 (the “**Intellectual Property Security Agreement**”), pursuant to which the Grantors granted and pledged to Security Agent, for the ratable benefit of the Lenders, a security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property Collateral, including, without limitation, the following, to the extent constituting Collateral (as defined in the Security Agreement):

(a) Any and all copyright rights, copyright applications and copyright registrations in any work of authorship and derivative work thereof, whether published or unpublished and whether or not the same also constitutes a trade secret, then or thereafter acquired, including without limitation those set forth on Exhibit A attached hereto (collectively, the “**Copyrights**”);

(b) Any and all trade secrets, and any and all intellectual property rights in computer software and computer software products then or thereafter owned or acquired;

(c) Any and all design rights that Grantor then or thereafter owned or acquired;

(d) All patents and patent applications including, without limitation, improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same, including without limitation those set forth on Exhibit B attached hereto (collectively, the “**Patents**”);

(e) Any trademark and service mark rights, whether registered or not, applications to register and registrations of the same and other indicia of origin, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks, including without limitation those set forth on Exhibit C attached hereto (collectively, the “**Trademarks**”);

(f) All mask works rights for the protection of semiconductor chips, then or thereafter acquired, including without limitation those set forth on Exhibit D attached hereto (collectively the “**Mask Works**”);

(g) Any and all claims for damages by way of past, present and future infringements of any of the rights included above, with the right, but not the obligation, to sue for and collect such damages for said infringement of the intellectual property rights identified above;

(h) All amendments, renewals and extensions of any of the Copyrights, Trademarks, Patents, or Mask Works; and

(i) All proceeds and products of the foregoing payable to Grantor in respect of any of the foregoing.

(Clauses (a)-(i) in this paragraph, collectively, the “**Released Collateral**”); and

WHEREAS, the Intellectual Property Security Agreement was recorded with the United States Patent and Trademark Office on June 2, 2014, at Trademark Reel/Frame 5294/0060.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, the Security Agent hereby irrevocably releases, cancels and discharges fully its security interest in, and reassigns to the Grantor all of its right, title and interest in and to, the Released Collateral and terminates the Intellectual Property Security Agreement.
