Assignor and Assignee may be referred to in this Assignment each as a "Party" and collectively as the "Parties."

WHEREAS, Assignor and Assignee's affiliate are parties to a certain Asset Purchase Agreement (the "Agreement") pursuant to which Assignor has agreed to sell and Assignee's affiliate has agreed to purchase Assignor's entire right, title and interest in all United States and foreign trademarks and trademark applications and the goodwill associated therewith that are owned by Assignor as of the Effective Date (the "Purchased Assets").

Country / Region	Mark / Name	Registration / Trademark Number
US	AIRSENSE	4473375
US	AIRSENSE WIRELESS	4473376
European Union (EUTM)	AIRSENSE WIRELESS	010698306

WHEREAS, Assignor desires that the Trademarks be owned by Assignee, and Assignee desires to own said Trademarks.

NOW, THEREFORE, in consideration of the foregoing premises, the mutual promises and covenants hereinafter set forth, and other good and valuable consideration (including as set forth in the Agreement), the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound thereby, the Parties agree as follows:

Assignor hereby sells, conveys, transfers, assigns and delivers to Assignee all of Assignor's right, title and interest in, to and under the Trademarks, and all registrations issuing therefrom, together with the goodwill associated therewith, and the right to sue for, and recover for, any past infringements thereof, to be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had no sale and assignment of said Trademarks been made.

2. Assignor further agrees to execute such further documents reasonably required by Assignee to secure and enforce the rights granted to Assignee under this Assignment.

3. Assignee may record this Assignment with the United States Patent and Trademark Office, as well as other offices in foreign countries. All costs associated with any such registrations or recordations shall be paid by Assignee.

4. This Assignment shall inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.

5. This Assignment may be executed in counterparts, each of which shall be deemed an original, and together shall constitute one and the same agreement and shall be effective as of the Effective Date indicated above when one or more counterparts have been signed by each of the Parties and delivered to the other Party, it being understood that both Parties need not sign the same counterpart.
