TRADEMARK ASSIGNMENT

This Trademark Assignment ("Assignment") dated as of March 29, 2018 ("Effective Date"), is made and entered into between Paramedics Logistics Operating Company, L.L.C., a Delaware limited liability company ("Assignee"), and Paramedics Plus, L.L.C., a Texas limited liability company ("Assignor").

A. Assignor is the owner of the trademarks and trademark applications and registrations listed in Exhibit 1 attached hereto; and

B. Assignee wishes to purchase, and Assignor is willing to sell, assign, convey and transfer to Assignee, all right, title and interest in and to each such trademark, trademark application and registration listed in Exhibit 1, all goodwill associated therewith and all related and corresponding rights in any jurisdiction in the world (collectively, the "Marks"), on the following terms and conditions.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Assignor and Assignee, the parties agree as follows:

1. Assignment. Assignor hereby irrevocably sells, assigns, conveys, transfers and sets over to Assignee, its successors and assigns, the entire worldwide right, title and interest in and to the Marks, the ongoing and existing business of Assignor to which the Marks pertain, the goodwill of the business symbolized by the Marks, and all registrations that have been or may be granted thereon, all applications for registrations thereof, and all common law rights and copyright and domain name rights in the Marks worldwide, together with all rights and privileges granted and secured thereby, including all rights to register, renew, defend, and protect interests therein under the applicable laws of all jurisdictions and all claims, demands, income, damages, royalties, payments, accounts and accounts receivable now or hereafter due and/or payable, and rights of action, both statutory and based upon common law, that Assignor has or might have by reason of any past, present or future infringement or other violation of the Marks prior to, on, or after the date of this Assignment, together with the right to prosecute such claims, demands, and rights of action in Assignee's own name, all of said rights to be held and enjoyed by Assignee, for its own use and benefit and for the use and benefit of its successors, assigns or other legal representatives as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

2. Authorization. Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as owner of the Marks, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee, its successors, assigns or other legal representatives.

3. Miscellaneous. This Assignment may only be amended by written agreement of the parties. This Assignment shall be binding upon the parties, their heirs, successors and assigns, and all others acting by, through, with or under their direction, and all those in privity therewith. This Assignment shall be exclusively interpreted and governed by the Laws of the State of Texas, without regard to its conflict of law provisions. This Assignment may be executed in two or more

counterparts, each of which shall be deemed to be an original, and such counterparts shall together constitute one and the same instrument.
