TRADEMARK ASSIGNMENT AGREEMENT

This TRADEMARK ASSIGNMENT AGREEMENT is dated as of April 26, 2018 (this "Assignment"), and is by and among RED.COM, LLC, a Nevada limited liability company ("Assignor"), and RED Technologies, LLC, a Nevada limited liability company ("Assignee").

WHEREAS, Assignor is the owner of the trademark registrations and applications identified on Exhibit A and may own additional trademark registrations and/or applications specifically related to Assignor's branded smartphones and tablets (collectively, the "Assigned Trademarks"); and

WHEREAS, immediately prior to the transactions contemplated in the Assignment and Distribution Agreement, dated as of even date herewith, between Assignor, R3D, Inc. and PJJ Holdings LLC, Assignor intends to, sell, transfer, assign and deliver to Assignee, and Assignee intends to purchase, acquire, assume and accept from Assignor all of its right, title and interest in and to the Assigned Trademarks upon the terms and subject to the conditions set forth herein.

NOW, THEREFORE, in consideration of the premises and the mutual agreements and covenants set forth in this Assignment, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, the parties hereby agree as follows:

1. Assignment. Assignor hereby sells, conveys, transfers, assigns and delivers to Assignee all of Assignor's worldwide right, title and interest in, to and under, the Assigned Trademarks, and all past and present goodwill associated therewith or symbolized thereby, all common law rights thereto, all registrations that have been or may be granted thereon, all applications for registrations thereof, the right to claim priority in accordance with international treaties and conventions, the right to all income, royalties, damages and payments hereafter due or payable with respect to the Assigned Trademarks, the right to register, prosecute, maintain and defend the Assigned Trademarks before any public or private agency, office or registrar, and all claims, causes of action and rights to sue for past, present and future infringement or unconsented use of the Assigned Trademarks. The assignments contemplated herein are meant to be absolute assignments and not by way of security. Assignor hereby authorizes the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record Assignee as the assignee of all of Assignor's right, title and interest in, to and under the Assigned Trademarks and to deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications.

2. No Third Party Beneficiaries. This Assignment is for the sole benefit of the parties hereto and their respective successors and permitted assigns and nothing contained or

the Assigned Trademarks have not previously been assigned or transferred to any third party and are not subject to any liens or encumbrances.

4. Governing Law. This Assignment, the negotiation, execution or performance of this Assignment and any disputes arising under or related hereto (whether for breach of contract, tortious conduct or otherwise) shall be governed and construed in accordance with the Laws of the State of California, without reference to its conflicts of law principles.

5. Entire Agreement. This Assignment, and the Exhibits annexed hereto, and the other agreements, certificates, and other documents contemplated hereby constitute the entire agreement among the parties hereto pertaining to the subject matter hereof and any and all other written or oral agreements relating to the subject matter hereof existing among the parties hereto are expressly canceled.

6. Counterparts. This Assignment may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one instrument. Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, e.g., www.docusign.com) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.
