Intellectual Property Assignment

This Intellectual Property Assignment Agreement (“this Agreement”) is between Edinburgh Petroleum Services, Ltd. (“Assignor”), a private limited company organized under the laws of Scotland, and Weatherford Technology Holdings, LLC (“Assignee”), a Delaware limited liability company. Assignor and Assignee are individually referred to as a “Party” and collectively as “the Parties.” This agreement is effective on June 6, 2018.

Assignor is the owner of the entire right and interest in the Trademarks (defined later) listed in Schedule A.

As part of the Parties overall strategy to maximize the protection of intellectual property, including the Trademarks, Assignor wants to assign the Trademarks to Assignee, and Assignee wants to receive the Trademarks

The parties agree as follows:

- 1. Specific Assignment.** Assignor hereby assigns to Assignee all legal title to the Trademarks (“Trademarks” means the registered trademarks and pending applications to register a trademark listed in Schedule A to this Agreement), and the Assignee hereby accepts the assignment.
- 2. General Assignment.** If Assignor owns any intellectual property, including patents, trademarks, and trademark registrations, that is not listed in Schedule A, Assignor hereby assigns to Assignee all legal title to all such intellectual property, an Assignee hereby accepts the assignment.
- 3. Consideration.** In consideration of the assignments granted in this Agreement, Assignee shall pay to Assignor \$1,838,458.11 US dollars (one million, eight hundred thirty-eight thousand, four hundred fifty-eight dollars and eleven cents).
- 4. Further Activities.** Assignor shall execute and deliver to Assignee all instruments and documents necessary or convenient to evidence the assignment made in paragraph 1. Such instruments and documents may include individual assignment documents necessary to comply with local filing or recording requirements.
- 5. Delivery of Files.** Upon request, Assignor shall deliver to Assignee all files, records, notes, and correspondence relating to the prosecution, registration, and maintenance of the Trademarks.
- 6. Representations.** The Assignor makes no representations with regard to the Trademarks. Assignee acknowledges the Trademarks are assigned as-is, and Assignee accepts the risk that the assignment in this Agreement is insufficient or otherwise ineffective.

7. **Recordation.** The Parties shall make reasonable efforts to record the assignment of the Trademarks, in the appropriate countries, as soon as is practicable after the effective date of this Agreement.

8. **Confidentiality.** The Parties agree that information disclosed by one Party to the other Party, under this Agreement, will be the disclosing Party's "Confidential Information." The Party receiving Confidential Information shall not disclose Confidential Information to any third party, except that the receiving party may disclose Confidential Information to its employees and contractors who need to have the Confidential Information and who are under an obligation not to disclose the Confidential Information.

9. **Choice of Law.** The laws of Texas govern this Agreement, without reference to its conflict of laws principles.

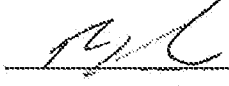

10. **Severability.** If any provision of this Agreement is determined to be invalid, illegal, or unenforceable, the remaining provisions will remain in effect.

11. **Merger; Integration.** This Agreement is the entire Agreement between the parties on the matters contained in this Agreement. All prior and contemporaneous negotiations and Agreements on these matters are merged into and superseded by this Agreement. The terms of this Agreement may not be modified, explained, supplemented, or qualified by trade usage or course of dealing. Both parties acknowledge they have not relied on any statement by the other party, except for the statements in this Agreement. This Agreement may not be modified except in writing and signed by both Parties.

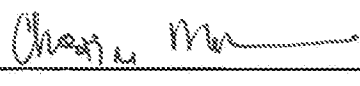

12. **Goodwill.** Assignor does hereby assign to Assignee all rights, title, and interest in and to the registrations listed in Schedule A, together with the goodwill of the business symbolized by the trademark.

Each party is signing this agreement on the date stated under that party's signature:
