EXHIBIT A

ASSIGNMENT OF TRADEMARKS

THIS ASSIGNMENT OF TRADEMARKS (this "Assignment") dated as of the Closing Date by GE HEALTHCARE BIO-SCIENCES CORP., a Delaware corporation with a principal place of business at 800 Centennial Ave, Piscataway, NJ 08855 ("Assignor") and EASTERN BUSINESS FORMS, INC., a South Carolina corporation with a principal place of business at PO BOX 10, Mauldin, SC 29662 ("Assignee"). Each of Assignor and Assignee are at times referred to each as a "Party" and, collectively, as the "Parties". Unless otherwise defined herein, all capitalized terms used in this Agreement shall have the meanings set forth in the APA.

WHEREAS, the Parties have entered into that certain Asset Purchase Agreement, dated as of June 27, 2014 (the "APA");

WHEREAS, Assignor owns the Trademarks set forth on *Schedule 1* attached hereto;

WHEREAS, Assignor desires to assign all rights, title, and interests in and to the Trademarks to Assignee; and

WHEREAS, Assignee desires to accept such Assignment of Trademarks.

NOW THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, Assignor does hereby sell, assign, transfer, set over, and deliver to Assignee all rights, title and interest in and to the Trademarks, including, but not limited to, the applications and registrations shown in *Schedule 1* in respect of all goods and services covered by the specifications thereof, whether registered or unregistered, including trade dress, trademark get-ups, logos, designs and labels, together with the associated goodwill and all common law and related rights thereto, as well as all rights to sue for infringement (including past infringement) in all jurisdictions of the world where Assignor has rights.

FURTHERMORE, Assignor will, at Assignee's expense, execute and deliver such further instruments including, without limitation, further instruments of assignment and take such further actions as Assignee may reasonably request in order to register this Assignment at the appropriate registries to demonstrate Assignee's title to the Trademarks. In order to effect the transfer of the Trademarks as required under the APA, Assignor agrees to provide, at Assignee's expense, all assistance reasonably requested by Assignee to fulfill the purposes of this Assignment, including executing further consistent assurances, confirmations, assignments, transfers, and releases, and providing good faith testimony by affidavit, declaration, deposition or other means. Assignor will not oppose or otherwise impede any effort by Assignee to enforce or procure registration for the Trademarks before any administrative, government or other tribunal and further agrees that it will not utilize or seek to utilize the Trademarks, or any confusingly similar trademarks, or the goodwill associated therewith anywhere in the world.

This Assignment shall be binding upon the successors and assigns of Assignor and Assignee. This Assignment (including any claim or controversy arising out of or relating to this Assignment) and the rights and obligations of the Parties hereunder shall be governed by and construed and enforced in accordance with the laws of the State of New York, without regard to the conflict of laws principles thereof. This Assignment may be executed in one or more counterparts, each of which shall be deemed and original, but all of which together shall constitute one and the same agreement.

[Remainder of Page Intentionally Left Blank]
