## TRADEMARK ASSIGNMENT

This Trademark Assignment ("Assignment") is entered into as of the 2nd day of July, 2018, by and between Roxide International, Inc. ("Assignor"), a New York corporation, and Bonide Products, Inc. ("Assignee"), a New York corporation.

WHEREAS, Assignor owns the entire right, title, and interest in the marks, trademark registrations and applications set forth on Schedule A attached hereto (the "Marks"), together with the goodwill of the business, goods and services connected with and symbolized by the Marks;

WHEREAS, Assignor desires to assign its right, interest and title in the Marks to Assignee and Assignee desires to acquire the entire right, title and interest in and to the Marks; and

NOW THEREFORE, in exchange for good and valuable consideration the receipt and adequacy of which are acknowledged, the parties hereby agree as set forth below:

### 1. Assignment of Marks.

1.1 Assignor hereby irrevocably transfers, conveys, assigns, sets over and delivers to Assignee, free and clear of all liens and encumbrances, and Assignee hereby accepts, all rights, title, and interests in and to the Marks, whether grounded in common law, state law or federal law, or otherwise, throughout the world, together with the goodwill of the business, goods and/or services connected with and symbolized by the Marks, and including without limitation, (i) any extensions and renewals of the Marks, (ii) the right to sue third parties for any and all causes of action, either in law or in equity, and other rights assertable under the Marks, including for past, present and future infringement, dilution, misuse or other violation of or improper activities regarding the Marks, (iii) any and all royalties, fees, income, payments or other proceeds now or hereafter due or payable in connection with any and all of the Marks, (iv) the right to assume any licenses connected with the Marks, and (v) the right to enjoy all of the monetary benefits, damages, restitution and injunctive or other legal equitable relief obtained as a result of any litigation, in each case the same to be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

1.2 Assignor authorizes the Assistant Commissioner of Trademarks of the United States and other empowered officials of the United States Patent and Trademark Office, and any counterpart of jurisdictions outside the United States, to record the assignment and transfer of the registrations and/or applications for registration, as applicable, for the Marks to Assignee as assignee of Assignor's entire right, title and interest therein.

2. Documentation. At any time on or after the effective date of this Assignment, Assignor agrees to execute and deliver all such transfers, assignments, conveyances, assurances, declarations, exhibits, papers and other documentation and take or cause to be taken such further actions as necessary or may reasonably be requested by Assignee to obtain the full benefit of this

49101642143

Assignment. Assignor further covenants that Assignee will, upon request and without further consideration, be provided promptly with all pertinent facts, documents and specimens relating to the Marks and all legal equivalents as may be known or accessible to Assignor. If Assignee is unable for any reason whatsoever to secure Assignor's signature to any document necessary to give effect to the assignment of the Marks to Assignee hereunder, Assignor hereby irrevocably designate and appoint Assignee and its duly authorized officers and agents, as its agents and attorneys-in-fact with full power of substitution to act for and on its behalf and instead of Assignor, to execute and file any such document or documents and to do all other lawfully permitted acts to further the purposes of the foregoing with the same legal force and effect as if executed by Assignor. As owner of the Marks, Assignee shall have the right to register the Marks in its name or any other name in all countries and to dispose of said rights in all countries and in all languages.

3. Effective Date and Term. This Agreement is duly executed by their authorized representatives as of the date first set forth above and shall be effective simultaneously therewith.

4. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to principles of conflict of law.

5. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one instrument.

6. Successors and Assigns. This Agreement shall be binding upon each party hereto and its respective successors and assigns.

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of the date first written above.
