**INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT**

THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "Agreement"), dated as of August 24, 2018, is by and between SC Publishing, Inc., a Delaware corporation ("Assignor"), and Elite Professional Education, LLC, a Delaware limited liability company ("Assignee"). All capitalized terms used herein that are not otherwise defined shall have the definitions set forth in Schedule A hereto.

**RECITALS**

WHEREAS, Assignor is the sole and exclusive owner of all Intellectual Property relating to Assignor's business of developing, delivering, and marketing online, home-study, and in-person educational courses and all services related and ancillary thereto (the "Assignor Intellectual Property"), including but not limited to the Marks, Websites, Software, Copyrights and Accounts identified on Schedule B hereto (if any, the "Assignor Marks," "Assignor Websites," "Assignor Software," "Assignor Copyrights" and "Assignor Accounts," respectively);

WHEREAS, pursuant to the terms of that certain Asset Purchase Agreement by and among Assignor, Assignee and the other parties named therein, dated on even date herewith (the "Purchase Agreement"), Assignee purchased certain assets of Assignor, including but not limited to the Assignor Intellectual Property; and

WHEREAS, Assignor wishes to assign to Assignee, and Assignee wishes to accept, the assignment of all of Assignor's right, title and interest in and to Assignor Intellectual Property.

NOW, THEREFORE, in consideration of the promises and the mutual covenants and agreements herein contained and in the Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

**Section 1. Assignment of the Assignor Websites.**

(a) Assignor hereby does assign and transfer unto Assignee, and Assignee hereby receives, acquires and accepts, all of Assignor's right, title, and interest in and to the Assignor Websites, including but not limited to all worldwide intellectual property and other proprietary rights therein.

(b) Assignor agrees to initiate on the Effective Date and promptly complete thereafter all steps necessary to transfer the domain names of the Assignor Websites (the "Domain Names") to Assignee. Assignor further agrees to cooperate with the respective registrar for the Domain Names and with Assignee to transfer its respective ownership of and registration for the Domain Names to Assignee.

**Section 2. Assignment of the Assignor Accounts.** Assignor hereby does assign and transfer unto Assignee, and Assignee hereby receives, acquires and accepts, all of Assignor's right, title, and interest in and to the Assignor Accounts, including but not limited to all worldwide intellectual property and other proprietary rights therein.

**Section 3. Assignment of the Assignor Marks.**

(a) Assignor hereby assigns and transfers to Assignee, and Assignee hereby receives, acquires and accepts, all of Assignor's right, title and worldwide interest, in and to the Assignor Marks, including (i) all of the goodwill associated or connected with the use of, and symbolized by, the Assignor Marks, (ii) all registrations obtained by Assignor for the Assignor Marks including all extensions and renewals thereof, (iii) the right to file any document to maintain the Assignor Marks and any associated

registrations, (iv) all common law trademark and trade name rights in the Assignor Marks, (v) the right to file applications for registration of the Assignor Marks worldwide, and (vi) the right to sue for past, present and future infringement, dilution or other violation of the Assignor Marks and collect and retain all damages, settlements and proceeds recovered therefrom; and all rights corresponding with any of the foregoing throughout the world.

(b) Assignor hereby authorizes the Commissioner for Trademarks of the United States Patent and Trademark Office and all other corresponding entities or agencies in any applicable government or foreign countries, to record Assignee as the owner of the Assignor Marks.

**Section 4. Assignment of the Assignor Copyrights.**

(a) Assignor hereby assigns and transfers to Assignee, and Assignee hereby receives, acquires and accepts, all of Assignor's right, title and worldwide interest, in and to the Assignor Copyrights, including (i) all copyright registrations obtained by Assignor for the Assignor Copyrights and all extensions and renewals thereof; (ii) the right to file any document to maintain the Assignor Copyrights and any associated registrations; (iii) all Assignor Copyrights that are unregistered works of authorship; (iv) the right to file applications for registration of the Assignor Copyrights worldwide; (v) all of Assignor's moral rights in and to the Assignor Copyrights; and (vi) the right to all causes of action that have accrued prior to this date or may accrue in the future, either in law or in equity for past, present, or future infringement of the rights in the Assignor Copyrights.

(b) Assignor hereby authorizes the Register of Copyrights of the United States Copyright Office and all other corresponding entities or agencies in any applicable government or foreign countries, to record Assignee as the owner of all Copyright Registrations of the Assignor Copyrights.

**Section 5. Assignment of the Assignor Software.** Assignor hereby does assign and transfer unto Assignee, and Assignee hereby receives, acquires and accepts, all of Assignor's right, title, and interest in and to the Assignor Software, including but not limited to all worldwide intellectual property and other proprietary rights therein.

**Section 6. Assignment of the Assignor Intellectual Property.** To the extent not otherwise assigned by Assignor pursuant to Sections 1-4 of this Agreement, Assignor does hereby sell, transfer, assign, convey, and deliver to Assignee all of Assignor's right, title, and interest in, to, and under the Assignor Intellectual Property.

**Section 7. Further Assurances.** Assignor hereby agrees to perform such proper and additional acts and execute such additional documents as are deemed necessary by Assignee or the governmental agencies having jurisdiction over the Assignor Intellectual Property, including the Assignor Marks, to give full effect to and perfect the rights of Assignee under this Agreement, including but not limited to all documents necessary to register in the name of Assignee the assignment of the applicable Assignor Marks with the appropriate government offices.

**Section 8. Successors.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

**Section 9. Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

**Section 10. Governing Law.** This Agreement is to be governed by and construed in accordance the laws of the State of Delaware, without giving effect to the choice of law principles thereof, including all matters of construction, validity and performance.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the day and year first above written.

## SCHEDULE A – DEFINITIONS

“Accounts” shall mean all social media, social networking, and other third party website accounts, including all login credentials relating thereto and all videos, images, media, comments, and other content uploaded thereon and goodwill associated therewith.

“Marks” shall mean all statutory and common law trademarks, trade dress, service marks, logos, trade names, business names, and other word, name, design or symbol used to identify a business or the source of its goods or services, and the goodwill associated therewith, now existing or hereafter adopted or acquired, and all registrations and applications to register the same, under the laws of the United States or any other foreign country, for the full term and all renewals thereof.

“Patents” shall mean all issued U.S. and foreign patents and pending patent applications (and all patents that issue therefrom), patent disclosures, and any and all divisions, continuations, continuations-in-part, continuing prosecution applications, reissues and reexaminations thereof, for the full term thereof.

“Trade Secrets” shall mean all data or information that is not commonly known by or available to the public and which (a) derives economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by third parties who can obtain economic value from its disclosure or use and (b) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

“Know-How” shall mean all ideas, designs, correspondence, concepts, compilations of information, know-how, methods, techniques, algorithms, data and database rights, inventions, invention disclosures, statutory invention registrations, procedures and processes, readings, reports, test results, studies, applications, submissions, notes, work product, deliverables, models, prototypes, equipment, audits, approval documentation, calculations, measurements, product specifications, photographs, videos, images, manufacturing product processes and techniques, research and development information, financial,

marketing and business data, pricing and cost information, business and marketing plans and customer and supplier lists and information, whether or not patentable, whether copyrightable or noncopyrightable and whether or not reduced to practice.

“Copyrights” shall mean all works of authorship and all associated moral rights and copyright rights under the copyright laws of the United States and other countries for the full term thereof, whether registered or unregistered, including, but not limited to, all applications for registrations, renewals, extensions and restorations of copyrights now or hereafter provided for by law and all rights to make applications for copyright registrations and recordings, regardless of the medium of fixation or means of expression.

“Software” shall mean all types of computer software programs including operating systems, application programs, software tools, firmware and software imbedded in equipment, including both object code and source code versions thereof and all written or electronic materials that explain the structure or use of software or that were used in the development of software, including logic diagrams, flow charts, code notes, procedural diagrams, error reports, manuals and training materials

“Websites” shall mean all websites or portions thereof that are operated, managed or controlled through a domain name and URL, whether on an exclusive or nonexclusive basis, including all content, elements, data, information, materials, hypertext markup language (HTML), software and code, works of authorship, textual works, visual works, aural works, audiovisual works and functionality embodied in, published or available through each such website or portion thereof, and all domain names and URLs associated with the foregoing, provided that such domain names and URLs shall not include IP addresses.

“Intellectual Property” shall mean all Marks, Copyrights, Websites, Software, Patents, Trade Secrets, Know-How, and all other worldwide intellectual property and proprietary rights therein.
