IP ASSIGNMENT, BILL OF SALE AND ASSUMPTION AGREEMENT

This IP Assignment, Bill of Sale and Assumption Agreement ("IP Agreement") dated and effective as of 10:20 a.m. (New York time) on May 31, 2017 (the "Effective Time"), is made and entered into by and among GE Distributed Power, Inc., a Delaware corporation (the "Purchaser"), and Dresser, Inc., a Delaware corporation (the "Seller").

WHEREAS, the Seller and the Purchaser have entered into an Asset Purchase and Sale Agreement, dated and effective as of 10:20 a.m. (New York time) on May 31, 2017 (the "Purchase Agreement"); unless otherwise defined herein, capitalized terms used herein and not defined have the meanings ascribed to such terms in the Purchase Agreement); and

WHEREAS, pursuant to the Purchase Agreement,

Purchaser wishes to purchase and accept certain Business Intellectual Property associated with the Waukesha Engine Business listed on Schedules A-1, A-2 and A-3, and related assets ("Assets") listed on Schedule B attached hereto and Software listed on Schedule C; and

WHEREAS, Purchaser has conveyed the Dresser Consideration to Seller, a portion of which is consideration for Seller's transfer of Business Intellectual Property and Assets.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants set forth hereinafter, the Parties agree hereto agree as follows:

ARTICLE I - Transfers

Seller hereby sells, exchanges, transfers, assigns, and conveys unto Purchaser, its successors and assigns any right, title, and interest Seller may have in and to the Business Intellectual Property and Assets and Software, and Seller shall have no further ownership right or equity interest in the Business Intellectual Property and Assets and Software. Seller hereby acknowledges receipt of value from Purchaser in exchange for the Business Intellectual Property and Assets and Software. Purchaser hereby acknowledges receipt of the Business Intellectual Property and Assets and Software, effective as of the date and time first above written.

ARTICLE II – Assumption of Liabilities

Purchaser hereby assumes those liabilities and obligations of Seller ("Assumed Liabilities) related to the Business Intellectual Property and Assets.

ARTICLE III - Indemnification

Classification: GE Internal

Purchaser hereby agrees to indemnify, defend, and hold Seller harmless from and against all demands, claims, actions, or causes of actions, assessments, losses, damages, liabilities, costs, and expenses, including, without limitation, reasonable attorneys' fees and expenses, asserted against, resulting to, imposed upon, or incurred by Seller by reason or of resulting from the failure of Purchaser to pay, perform, or discharge when due the Assumed Liabilities or the obligations assumed by Purchaser under ARTICLE II above.

ARTICLE IV - Miscellaneous

- (a) Amendment. Any modification, waiver, amendment or termination of this IP Agreement or any provision hereof, shall be effective only if in writing and signed by all of the parties to this IP Agreement.
- (b) Assignment. This IP Agreement and the rights and obligations hereunder shall not be assigned, delegated, or otherwise transferred (whether by operation of law, by contract, or otherwise) without the prior written consent of the other parties hereto; provided, however, that the Purchaser may assign this IP Agreement and any rights, duties or obligations hereunder to one or more of its affiliates without the consent of the Sellers.
- (c) Binding Effect. Except as otherwise expressly provided herein, this IP Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.
- (d) Counterparts. This IP Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original copy of this IP Agreement and all of which, when taken together, will be deemed to constitute one and the same agreement.
- (e) Entire Agreement. This IP Agreement (including any schedules and exhibits attached hereto) and the underlying Purchase Agreement together constitute the entire agreement of the parties hereto in respect of the subject matter hereof, and supersedes all prior agreements or understandings among the parties hereto in respect of the subject matter hereof. In the instance of a conflict between this IP Agreement and the Purchase Agreement, the operative language in this IP Agreement shall govern.
- (f) Governing Law. This IP Agreement shall be enforced, governed, and construed in all respects in accordance with the laws of the State of New York applicable to contracts executed and performable solely in such state.
- (g) Each of the Parties does hereby covenant and agree that it will from time to time, if requested by the other Party or its successors and assigns, execute acknowledge, and deliver, or will cause to be executed and delivered to such other Party or its successors and assigns, such and all further acts, transfers, assignments, deeds, powers, and assurances of title, and additional papers and instruments, or cause to be done all acts or things as often as may be proper or

Classification: GE Internal

necessary for better assuring, conveying, transferring, and assigning all of the property hereby conveyed, transferred, or assigned, and effectively to carry out the intent here of, and to vest in the entire right, title and interest of Seller in and to all of the said property, and Seller shall warrant and defend the same to Purchaser and its successors and assigns, forever against all claims or demands whatsoever.

(h) If, after the Effective Time, Seller or the Purchaser identifies any item of Business Intellectual Property or Assets or Software that was not previously transferred by Seller to the Purchaser, then Seller shall transfer such Business Intellectual Property or Assets or Software to the Purchaser for no additional consideration; provided, that Seller can do so without paying substantial compensation to a third party. Until such time that Seller transfers such Business Intellectual Property or Assets or Software or if Seller is unable to transfer the Business Intellectual Property or Assets or Software, Seller grants to the Purchaser a license to the Business Intellectual Property or Assets or Software under the terms set forth in the Intellectual Property Cross License Agreement with effect as of the Effective Time; *provided*, the Seller hereby agrees to use its reasonable best efforts to provide the Purchaser with all of the rights and economic benefits of ownership (including, at the direction and expense of the Purchaser, by enforcing such rights against a third party), and Purchaser agrees to assume all the economic risks, liabilities and other obligations, with respect to the ownership of such Business Intellectual Property or Assets or Software. Upon the transfer of any such Business Intellectual Property or Assets or Software, the Purchaser grants Seller a license to the Business Intellectual Property or Assets or Software upon the terms set forth in the Intellectual Property Cross License Agreement with effect as of the Effective Time.

(i) If, after the Effective Time Date, Seller or the Purchaser identifies any item of Business Intellectual Property or Assets or Software that was improperly transferred by Seller to the Purchaser, then the Purchaser shall return transfer such Business Intellectual Property or Assets or Software to Seller for no additional consideration; provided, that the Purchaser can do so without paying substantial compensation to a third party. Until such time that the Purchaser return transfers such Business Intellectual Property or Assets or Software or if the Purchaser is unable to return transfer the Business Intellectual Property or Assets or Software, the Purchaser grants to Seller license to the Business Intellectual Property or Assets or Software under the terms set forth in the Intellectual Property Cross License Agreement with effect as of the Effective Time; *provided*, the Buyer hereby agrees to use its reasonable best efforts to provide the Seller with all of the rights and economic benefits of ownership (including, at the direction and expense of the Seller, by enforcing such rights against a third party), and Seller agrees to assume all the economic risks, liabilities and other obligations, with respect to the ownership of such Business Intellectual Property or Assets or Software. Upon the return transfer of any such Business Intellectual Property or Assets or Software, Seller grants the Purchaser a license to the Business Intellectual Property or Assets or Software upon the terms set forth in the Intellectual Property Cross License Agreement with effect as of the Effective Time.

Classification: GE Internal

(j) For purposes of this IP Agreement, any terms listed in Schedules A-1, A-2, A-3, Schedule B, and Schedule C shall have the meanings ascribed to them therein.
