ASSIGNMENT OF TRADEMARKS

This Assignment of Trademarks (this "Trademark Assignment"), effective as of April 30, 2018 (the "Effective Date"), is by and between Dong Bo, LLC, a Nevada limited liability corporation (the "Company" or "Assignor"), and Futurestitch, Inc., a Delaware corporation (the "Assignee").

WHEREAS, the Company has adopted, and as of the date of the Assignment was using and the owner of all rights, title and interests in and to the Trademarks, including without limitation the registered trademarks and service marks (the "Trademark Registrations") identified on Schedule 1 attached hereto, and the applications for trademark and service mark registrations (the "Trademark Applications") identified on Schedule 1 attached hereto (collectively "Trademarks");

WHEREAS, the Assignor represents that the Assignor is capable and authorized to transfer all right, title and interest in the Trademarks;

WHEREAS, subject to the terms and conditions set forth in this Trademark Assignment, the Assignor is willing to assign to the Assignee its respective rights in such Trademarks;

WHEREAS, the Assignee desires to obtain ownership of the Trademarks in accordance with the terms and conditions set forth in this Trademark Assignment and the Sale Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants and agreements hereinafter set forth, the sufficiency of which is acknowledged, the Assignee and the Assignor, intending to be legally bound, hereby agree as follows:

1. Assignment. The Assignor does hereby irrevocably grant, sell, convey, transfer, assign, deliver and relinquish exclusively to the Assignee, in perpetuity, all of its respective worldwide rights, title, and interests in and to all of the Trademarks, including without limitation the Trademark Registrations and Trademark Applications, and all goodwill associated therewith or symbolized thereby, all common law rights thereto, all registrations that have been or may be granted thereon, all applications for registration thereof, all records and files relating to said Trademarks, and all foreign counterparts thereof, together with rights of priority and protection of interest in such Trademarks and all administrative rights relating thereto, including without limitation the right to prosecute registration applications and oppose or seek to cancel third party registrations, and all choses-in-action pertaining thereto, including without limitation, the right to bring an action at law or in equity for any infringement, dilution or violation of any of the Trademarks occurring prior to the date hereof, and to collect all damages, settlements and proceeds relating to the Trademarks.

Notwithstanding anything to the contrary contained herein, the Trademarks shall not include any Trademark Application that would be deemed invalidated, canceled or abandoned due to the contribution, assignment and/or conveyance of the Trademarks hereunder, including without limitation all United States trademark applications that are based on an intent-to-use, unless and until such time that the contribution, assignment and/or conveyance will not cause the invalidation, cancellation or abandonment of such trademark application.

2. Recordation. In order to record this Trademark Assignment with the United States Patent and Trademark Office or any equivalent foreign trademark office (as applicable, the “PTO”), the parties hereto shall execute this Trademark Assignment, and the Assignee may execute the Recordation Cover Sheet or any similar document required by the PTO in order to record the assignment effected hereby. Thereafter, the Assignee may record the executed Recordation Form Cover Sheet with the PTO, together with any schedules and exhibits thereto, including, but not limited to, this Trademark Assignment and Schedule 1 hereto. At any time, and from time to time at Assignee’s request and expense, the Assignor agrees to execute further documents and instruments and to do such other acts as may be necessary or reasonably requested by Assignee to more effectively vest full title in and to the Trademarks, including the Trademark Registrations and Trademark Applications in the Assignee.

3. Power of Attorney. The Assignor does hereby make, constitute and appoint the Assignee (and any officer or agent of the Assignee as the Assignee may select in its exclusive discretion) as the Assignor’s true and lawful attorney-in-fact, with the power to endorse the Assignor’s name on all applications, documents, papers and instruments necessary to implement and effect fully the intentions, purposes and provisions of this Trademark Assignment, including, but not limited to, the filing of any instrument of assignment and documents related thereto to effect such assignment in the PTO. This power of attorney shall be irrevocable.

4. Governing Law. This Trademark Assignment shall be governed by and construed in accordance with the laws of the State of California and any suit or action hereunder, except as otherwise set forth herein, shall be brought in said jurisdiction.

5. Successors and Assigns. This Trademark Assignment shall bind the Assignor and its successors and assigns and inure to the benefit of Assignee and its successors and assigns.
