ASSIGNMENT OF TRADEMARKS

THIS ASSIGNMENT OF TRADEMARKS (this "Trademark Assignment"), effective as of September 28, 2018, is made by and among Micronics, Inc., a Delaware corporation, having the business address of 8463 154th Avenue NE, Redmond, WA 98052 (hereinafter the "Assignor"), and PerkinElmer Health Sciences, Inc., a Delaware corporation having a place of business at 940 Winter Street, Waltham, Massachusetts 02451, its successors, assigns and legal representatives (hereinafter the "Assignee"). Assignor and Assignee are each referred to herein individually as a "Party" and collectively, as the "Parties."

WHEREAS, Assignor owns all right, title and interest in and to the trademarks that are set forth in Schedule A attached hereto (the "Trademarks"), including any and all registrations and applications pertaining thereto;

WHEREAS, pursuant to that certain Asset Purchase Agreement dated as of the date hereof (the "Purchase Agreement"), Assignor agreed to sell, transfer, convey, assign and deliver to Assignee, or cause to be sold, conveyed, assigned, transferred and delivered to Assignee, amongst other things, the Trademarks; and

WHEREAS, Assignee desires to accept the sale, transfer and assignment of the Trademarks.

NOW, THEREFORE, in consideration of the foregoing premises and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the Parties hereto agree as follows:

1. Assignment. Assignor does hereby sell, assign, and transfer to Assignee all of its right, title, and interest of whatever nature throughout the world in and to the Trademarks and all registrations and applications for registrations of the Trademarks including all applications, registrations, renewals and/or extensions thereof, and together with the goodwill symbolized by the Trademarks, and together with all of such Assignor's right to sue and recover for past, present and future claims or causes of action arising out of or related to any infringements, dilutions or misappropriations of the Trademarks, and rights to any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to the Trademarks (collectively, the "Assigned Property"), free and clear of any rights to any third party, the same to have and to hold by the Assignee as fully and entirely as the same would have been held by such Assignor had this assignment not been made.

2. Further Assurances. Assignee may apply for and receive trademark registrations and other rights and protections relating to the Assigned Property, in its own name, in the United States, its territorial possessions, and all foreign countries. Assignor hereby agrees to execute, at the reasonable expense of Assignee, all documents for use in applying for, obtaining, securing and maintaining trademark registrations and other rights and protections relating to the Assigned Property and enforcing the same, as Assignee may reasonably request, together with any assignments thereof to Assignee or persons designated by it.

3. Validity Disputes. Assignor shall not directly or indirectly, challenge Assignee's ownership of or right to use any of the Assigned Property.

4. No Third Party Beneficiaries. Nothing in this instrument, expressed or implied, is intended or shall be construed to confer upon or give to any person, other than Assignee, Assignor and their respective successors and assigns, any remedy or claim under or by reason of this instrument or any agreement, term, covenant or condition hereof, and all of the agreements, terms, covenants and conditions contained in this instrument shall be for the sole and exclusive benefit of Assignee, Assignor and their respective successors and assigns.

5. No Additional Representations. Except as otherwise set forth in this Trademark Assignment, neither Assignee nor Assignor are making any additional representations, warranties or covenants in this Trademark Assignment other than those contained in the Purchase Agreement.

6. Modification. This Trademark Assignment may not be modified except by a writing executed by all the Parties hereto.

7. Assignment. The terms of this Trademark Assignment shall be binding upon, inure to the benefit of, and be enforceable by each of the Parties hereto and each of their respective successors and permitted assigns.

8. Governing Law. This Trademark Assignment and the legal relations among the Parties shall be governed by and construed in accordance with the laws of the State of New York (without regard to the laws of conflict that might otherwise apply) as to all matters.

9. Headings. The paragraph headings in this Trademark Assignment are for convenience only and such headings form no part of this Trademark Assignment and shall not affect its interpretation.

10. Execution in Counterparts. This Trademark Assignment may be executed in any number of counterparts, each of which shall be deemed to be an original as against any Party whose signature appears thereon, and all of which shall together constitute one and the same instrument. This Trademark Assignment shall become binding when one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the Parties reflected hereon as the signatories.

11. Filing. Assignor hereby agrees that this Trademark Assignment may be recorded with the United States Patent and Trademark Office and any other office deemed applicable by Assignee, and, accordingly, that Assignee will be reflected as the successor in title to the Trademarks and all applications and registrations therefore.
