Nunc Pro Tunc ASSIGNMENT OF TRADEMARKS

This Nunc Pro Tunc Assignment of Trademarks is made by and between Healthline Networks, Inc., a Delaware corporation ("Assignor"), and Healthline Information Technology, Inc., a Delaware company ("Assignee"), effective as of January 1, 2015 (the "Effective Date").

Whereas, Assignor was incorrectly identified in the recorded Assignment of Trademarks effective January 1, 2015, as a "limited liability company," although Assignor had always been and was at that time a "corporation;"

Whereas, Assignor owns the marks identified on Exhibit A hereto (the "Marks");

Whereas, Assignor is undergoing a corporate reorganization and, as part of that effort, created Assignee as a wholly owned subsidiary, obtained stock in Assignee and is capitalizing Assignee;

Whereas, Assignee is desirous of acquiring the Marks as part of its capitalization; and

Now, therefore, in accordance with its corporate reorganization plans and for good and valuable consideration, including stock in Assignee, receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign unto Assignee all his right, title and interest in and to said Marks, together with the past and present goodwill symbolized by or associated with the Marks, and the above identified registrations thereof. This assignment includes the right to sue and recover damages for past and future infringements of Assignor's rights in the Marks and to bring any proceeding or claim in the United States Patent and Trademark Office or any equivalent agency or any court in any country for cancellation or opposition or other proceeding or claim in connection with said Marks. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made. Assignor authorizes the Commissioner of Patents and Trademarks in the United States Patent Office to record Assignee as the assignee of all of Assignor's right, title and interest in, to and under the Marks.

Assignor further agrees that it will execute, verify, acknowledge and deliver all such further papers, including any instruments of transfer and recordable assignments, and perform such other acts as Assignee lawfully may request from time to time, to perfect and vest title in the Marks in Assignee, or Assignee's successors and assigns.

Assignor Healthline Networks, Inc.
