**SUPPLEMENT TO INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This SUPPLEMENT TO INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the “IP Security Agreement Supplement”), dated as of November 14, 2018, is made by UNITED RENTALS, INC., a Delaware corporation (“Holdings”), UNITED RENTALS (NORTH AMERICA), INC., a Delaware corporation (the “Company”) and the other Persons listed on the signature pages hereof as a Grantor (together with Holdings and the Company, the “Grantors”) in favor of Wells Fargo Bank, National Association, a national banking association, as collateral agent (the “Collateral Agent”) for the Secured Parties. All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement (as defined below).

WHEREAS, on March 26, 2015, the Company and the other Grantors entered into that certain indenture pursuant to which the Company’s 4.625% Senior Secured Notes due 2023 were issued (the “Secured Indenture”);

WHEREAS, pursuant to the Secured Indenture, the Grantors entered into the Amended and Restated Security Agreement, effective as of April 13, 2015, among the Grantors, the Notes Trustee and the Collateral Agent (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”), in order to grant the Collateral Agent (for the ratable benefit of the secured parties thereunder) a second priority security interest in the Collateral to secure their respective Indenture Obligations;

WHEREAS, pursuant to the Security Agreement, the Grantors entered into the Intellectual Property Security Agreement; and

WHEREAS, the Grantors and the Collateral Agent have agreed to supplement the Intellectual Property Security Agreement to evidence Grantors’ grant to the Collateral Agent for the ratable benefit of the Secured Parties of a security interest in additional Collateral (as defined therein);

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

**SECTION 1. Grant of Security Interest in Additional Collateral.**

(a) Each Grantor hereby grants to the Collateral Agent for the ratable benefit of the Secured Parties a security interest in all of such Grantor’s right, title and interest in and to the following (the “Collateral”):

(A) the patents and patent applications set forth in Schedule A hereto (the “Patents”);

(B) the trademark and service mark registrations and applications set forth in Schedule B hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability

of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby (the “Trademarks”);

(C) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, and, to the extent applicable, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of the Grantor accruing thereunder or pertaining thereto;

(D) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(E) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.

(b) In connection with such grant, Schedule A of the Intellectual Property Security Agreement is hereby deemed supplemented to add and incorporate the Collateral listed on Schedule A attached to this IP Security Agreement Supplement and Schedule B of the Intellectual Property Security Agreement is hereby deemed supplemented to add and incorporate the Collateral listed on Schedule B attached to this IP Security Agreement Supplement.

(c) From and after the date hereof, all references in the Intellectual Property Security Agreement to “this Agreement”, “hereof”, “herein”, and similar terms shall mean and refer to the Intellectual Property Security Agreement, as supplemented by this IP Security Agreement Supplement, and all references in other documents to the Intellectual Property Security Agreement shall mean such agreement as supplemented by this IP Security Agreement Supplement.

SECTION 2. Recordation. Each Grantor authorizes and requests that the Commissioner for Patents and the Commissioner for Trademarks and, to the extent agreed upon and applicable, any other applicable government office, record this IP Security Agreement Supplement.

SECTION 3. Execution in Counterparts. This IP Security Agreement Supplement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 4. Governing Law. This IP Security Agreement Supplement shall be governed by, and construed in accordance with, the laws of the State of New York.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
