## PATENT, TRADEMARK AND DOMAIN NAME ASSIGNMENT AGREEMENT

THIS PATENT, TRADEMARK AND DOMAIN NAME ASSIGNMENT AGREEMENT (this "Assignment") is made and entered into as of October 1, 2018, by and among Maxxvault LLC, a Delaware limited liability company (the "Seller"), and PrinterLogic, Inc., a Delaware corporation ("Assignee").

WHEREAS, Seller owns the patents and patent applications identified on Schedule A to this Assignment (collectively, the "Patents");

WHEREAS, Seller owns the trademarks, trademark registrations and trademark applications identified on Schedule B to this Assignment, together with the goodwill of the business connected with the use of, or symbolized by, the foregoing (collectively, the "Trademarks"); and

WHEREAS, Seller owns and has registered or caused to have registered the Internet domain names identified on Schedule C hereto (collectively, the "Domain Names") and are the current record owner of the registrations for the Domain Names, which are currently administered by the registrar set forth on the attached Whois reports; and

WHEREAS, pursuant to that certain Asset Purchase Agreement dated as of the date hereof, by and among Seller and Assignee (the "Purchase Agreement"), Seller has agreed to assign certain intellectual property, including the Patents, the Trademarks and the Domain Names, to Assignee.

NOW, THEREFORE, in consideration of the premises and covenants set forth herein and in the Purchase Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Patent Assignment. Seller assigns, transfers, and conveys to Assignee, its successors, assigns, and legal representatives, free and clear of all liens, claims, security interests, and other encumbrances, (i) all of Seller's right, title, and interest throughout the world in and to the Patents, including any provisional rights therein, (ii) all of Seller's right, title, and interest in and to the improvements and inventions disclosed in the Patents throughout the world, (iii) all of Seller's right, title, and interest in and to any U.S. or foreign application or applications corresponding to the Patents or claiming the improvements and inventions disclosed in the Patents, in whole or in part, (iv) all of Seller's right, title, and interest in and to any and all divisions, reexaminations, reissues, substitutions, continuations, continuations-in-part, and reissues and extensions of the Patents, including without limitation the right to file applications and to obtain patents, utility models, industrial models, and designs for the improvements and inventions disclosed in the Patents in Assignee's own name throughout the world and all rights of priority under the terms of any applicable conventions, treaties, statutes, or regulations, (v) all of Seller's rights to publish cautionary notices reserving ownership of the improvements and inventions disclosed in the Patents, (vi) all of Seller's rights to sue for and recover damages and profits, due or accrued, and other remedies in respect of any and all past, present, and future infringements or misappropriation of the Patents, in perpetuity (or for the longest period of time otherwise permitted by law) and (vii) any and all of Seller's rights to income, royalties, and

payments now or hereafter due or payable with respect to the Patents, for Assignee's own use and enjoyment and for the use and enjoyment of Assignee's successors, assigns, or other legal representatives.

2. Trademark Assignment. Seller hereby assigns, transfers, and conveys to Assignee, its successors, assigns, and legal representatives, free and clear of all liens, claims, security interests, and other encumbrances, (i) all of Seller's right, title, and interest in and to the Trademarks, including the trademarks and registrations and registration applications therefor and all common law rights and rights in foreign jurisdictions therein, together with the goodwill of the business symbolized thereby, (ii) all of Seller's rights of priority and protection of interests therein under the laws of any jurisdiction worldwide, (iii) all of Seller's right to sue for and seek damages and remedies against past, present, and future infringements or dilution of any or all of the Trademarks, and (iv) any and all of Seller's right to income, royalties, and payments now or hereafter due or payable with respect to the Trademarks, for Assignee's own use and enjoyment and for the use and enjoyment of Assignee's successors, assigns, or other legal representatives.

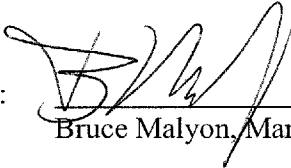

3. Domain Names Assignment. Seller hereby assigns, transfers, and conveys to Assignee, its successors, assigns, and legal representatives, free and clear of all liens, claims, security interests, and other encumbrances, all of Seller's right, title, and interest in and to the Domain Names, including the registrations and registration applications therefor and agrees to cooperate in any manner necessary to effect the transfer of the aforesaid domain names to Assignee, including executing any necessary documents and/or unlocking the Domain Names, as may be necessary to complete the transfer of ownership to Assignee.

4. Cooperation. Seller further agrees and covenants that it will execute or arrange for execution of such further assignment documents or other legal instruments and take other action as may be necessary or required from Seller, if any, to permit Assignee to obtain recordation as needed of any documents relating to the foregoing assignments from Seller to Assignee, including but not limited to country-specific or patent or registration-specific assignment documents relating to any of the items identified in Schedule A, Schedule B or Schedule C.
