## ASSIGNMENT OF INTELLECTUAL PROPERTY AND DOMAIN NAME

THIS ASSIGNMENT OF INTELLECTUAL PROPERTY AND DOMAIN NAME (“**Assignment**”) is made as of the 14<sup>th</sup> day of November, 2018, by and among Cool Front, Inc., a Delaware corporation (the “**Assignor**”), and Kwik Tek Inc., a Colorado corporation (the “**Assignee**”).

Preliminary Statement. Assignors and Assignee have entered into an Asset Purchase Agreement dated as of the 14<sup>th</sup> day of November, 2018 (the “**Purchase Agreement**”), pursuant to which Assignee has agreed to purchase certain assets of the Assignor. The execution and delivery of this Assignment is a condition precedent to the obligations of Assignee under the Purchase Agreement. The Assignor is the owner of certain Intellectual Property, as defined in Section 2 below, and Assignor desires to transfer the Intellectual Property to Assignee in accordance with the Purchase Agreement and the provisions of this Assignment.

Assignment. For good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, Assignor, intending to be legally bound, hereby agrees as follows:

1. Definitions. Capitalized terms not otherwise defined in this Assignment shall have the meanings given in the Purchase Agreement.

2. Intellectual Property. For purposes of this Assignment, the “**Intellectual Property**” shall mean the intellectual property owned by the Assignor as set forth on Schedule 1, and also includes: (i) all patents, patent applications, patent rights, and inventions and discoveries and invention disclosures (whether or not patented); (ii) Assignor’s rights to trade names (including HAMMERHEAD SLEDS), trade dress, logos, slogans, registered and unregistered trademarks and service marks and applications including, without limitation, the word mark ‘HAMMERHEAD’; (iii) all copyrights in both published and unpublished works, including, without limitation, all compilations, databases and computer programs, and all copyright registrations and applications, and all derivatives, translations, adaptations and combinations of the above, (iv) all know-how, trade secrets, confidential or proprietary information, customer lists, processes, drawings, schematics, designs, models, prototypes, and techniques; (v) Seller’s website (domain name [www.hammerheadsleds.com](http://www.hammerheadsleds.com)); (vi) all goodwill, licenses, permits, consents, approvals, technical information, telephone numbers, and claims of infringement against third parties; and (vii) all contracts relating to the Intellectual Property to which the Assignor is a party or is bound.

3. Assignment. The Assignor does hereby assign unto Assignee all of Assignor’s right, title and interest in and to the Intellectual Property, together with the goodwill connected with the use of and symbolized by all common law trademark rights; all federal and state trademark registrations, state corporate name registrations, state tradename registrations, and applications for any of the foregoing included in the Intellectual Property; all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world; any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on or after the date hereof, including all rights to and claims

for damages, restitution and injunction and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages. Assignor hereby agrees to assist Assignee, at Assignee's reasonable request, from time to time and at Assignee's expense, to enforce the rights assigned hereby and to obtain and/or transfer the rights of exclusive use of the domain names and the related web sites, and will execute all documents reasonably necessary or appropriate for this purpose, including, without limitation, transferring the domain name to Assignee's account with Assignee's domain name registrant. In the event that Assignee is unable for any reason whatsoever to secure the signature of Assignor to any document reasonably necessary or appropriate for any of the foregoing purposes (including any renewals, extensions, continuations, divisions or continuations in part), Assignor hereby irrevocably designates and appoints Assignee (and its duly authorized officers and agents) as agents and attorneys-in-fact to act for and on behalf of Assignor, but only for the purpose of executing and filing any such document and doing all other lawfully permitted acts to accomplish the foregoing purposes with the same legal force and effect as if executed by Assignor.

4. Additional Obligations the Assignor. From time to time after the Closing, Assignor will execute and deliver, or cause its affiliates to execute and deliver, to Assignee (or its successor in interest) such instruments of sale, transfer, conveyance, assignment, and delivery, and such consents, assurances, powers of attorney and other instruments as may be reasonably requested by Assignee (or its successor in interest) or its counsel in order to vest in Assignee (or its successor in interest) all right, title and interest of Assignor in and to the Intellectual Property and otherwise in order to carry out the purpose and intent of the Purchase Agreement, including, without limitation, any confirmatory assignments. Without limiting the foregoing, Assignor hereby authorizes the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment upon request by Assignee.

5. Precedence. Notwithstanding any other provisions of this Assignment to the contrary, nothing contained in this Assignment shall in any way supersede, modify, replace, amend, change, rescind, waive, or in any way affect the provisions, including the warranties, covenants, agreements, conditions, representations or, in general any of the rights and remedies, and any of the obligations and indemnifications of the Assignors set forth in the Purchase Agreement. This Assignment is intended only to effect the transfer of the Intellectual Property and shall be governed entirely in accordance with the terms and conditions of the Purchase Agreement.

6. Counterparts. This Assignment may be executed by Assignor and the Assignee in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute one and the same instrument. Counterparty signature pages to this Agreement may be delivered by facsimile or electronic delivery (e.g., by email of a PDF signature page) and each such counterpart signature page will constitute an original for all purposes.

7. Governing Law. This Assignment will be governed by and construed in accordance with the laws of the State of Vermont, without regard to its conflicts of law principles.

8. Successors and Assigns. This Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

9. No Third Party Beneficiaries. This Assignment is for the sole and exclusive benefit of Assignors and Assignee and their respective successors and assigns, and nothing herein is intended or shall be construed to confer upon any entity or person other than Assignors, Assignee and their respective successors and assigns, any right, remedy or claim under or by reason of this Assignment or any term, covenant or condition hereof.
