## INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (this "Agreement"), effective as of November 30, 2018, is entered into by and between Progress Software Corporation, a Delaware corporation ("Buyer") and Telerik EAD, a Bulgarian company and wholly owned indirect subsidiary of Buyer ("Seller").

WHEREAS, Seller and Buyer have entered into a certain Asset Transfer Agreement effective as of the date hereof (the "Transfer Agreement"), pursuant to which, among other things, Seller has agreed to assign all of its rights, title and interests in the Assigned Intellectual Property.

NOW, THEREFORE, in consideration of the mutual covenants, terms and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Definitions. All capitalized terms used but not defined in this Agreement (including the Schedules hereto) have the meanings set forth in the Transfer Agreement.
2. Assignment of Assigned Intellectual Property. Seller hereby sells, assigns, transfers and conveys to Buyer all of Seller's right, title and interest in and to the Assigned Intellectual Property, including without limitation the Assigned Intellectual Property set forth on Schedule A hereto.

5. Further Assurances Regarding Assigned Trademarks. Seller does hereby authorize the Director of the United States Patent & Trademark Office, and the empowered official of any country or countries foreign to the United States whose duty it is to record trademark registrations, applications and title thereto, to record the assigned Trademarks and title thereto as the property of Buyer, its successors, assigns or legal representatives in accordance with the terms of this instrument. As used herein "Trademarks" shall mean trademarks, service marks, logos, slogans, Internet domain names, corporate names, trade names and doing business designations, all registrations and applications for registration of the foregoing, common law trademarks, common law service marks and trade dress.

7. Terms of the Transfer Agreement. The parties hereto acknowledge and agree that the representations, warranties, covenants and agreements contained in the Transfer Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Transfer Agreement and the terms hereof, the terms of the Transfer Agreement shall govern.

8. Further Assurances Generally. From time to time, as and when requested by Buyer, Seller shall (and shall cause its affiliates to), for no additional consideration, execute and deliver, or cause to be executed and delivered, all such documents and instruments and take, or cause to be taken, all such further actions, as are reasonably necessary or desirable to carry out the provisions hereof and give effect to the transactions contemplated hereby, including executing, acknowledging and delivering any assignments, transfers, consents, assumptions and other documents and instruments and taking such other actions as may reasonably be requested to more effectively assign, transfer, convey and deliver to Buyer and its successors and assigns the Assigned Intellectual Property. Notwithstanding the foregoing, Seller and Buyer shall cooperate, to the maximum extent permitted by law (but excluding any obligation of Buyer to offer or pay any consideration therefor except to the extent provided in the Transfer Agreement, if any), with each other in any legal and reasonable arrangement designed to provide any claim, right or benefit arising under or resulting from the Assigned Intellectual Property to Buyer and its successors and assigns. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of Buyer and the successors and assigns of Seller.

9. Governing Law. All matters arising from or relating to this Agreement and the transactions contemplated hereby (including its interpretation, construction, performance and enforcement) shall be governed by and construed in accordance with the internal Laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of Laws of any jurisdictions other than those of the State of Delaware.

10. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument. This Agreement may be executed and delivered by facsimile or electronic transmission (including email).
