WHEREAS, the Secured Party and Grantor are parties to an Intellectual Property Security Agreement dated as of September 30, 2015 ("Security Agreement"), wherein the Grantor assigned to Secured Party a Security Interest (as defined below) in the IP Collateral (as defined in the Security Agreement) as more fully identified herein.

WHEREAS, the United States Patent and Trademark Office ("PTO") recorded the Security Agreement against the Patents on October 23, 2015 at Reel/Frame 036955/0258.

WHEREAS, the PTO recorded the Security Agreement against the Trademarks on October 23, 2015 at Reel/Frame 005652/0537.

WHEREAS, the United States Copyright Office ("USCO") recorded the Security Agreement against the Copyrights on November 5, 2015 at Volume V9928 D205 P1-23.

All of Secured Party's security interests, liens, pledges, mortgages, and other encumbrances of any kind whatsoever created against the Trademarks, Patents and Copyrights pursuant to the Security Agreement (collectively, the "Security Interests") are hereby automatically terminated, released and discharged, and the Secured Party shall sign any additional termination documents reasonably requested by Grantor at Grantor's cost and expense, including filings with the PTO and USCO against the Trademarks, Patents and Copyrights, as shall be necessary to effect the termination, release and discharge of all of the Security Interests, each at Grantor's cost and expense.

If and to the extent that Secured Party has acquired any right, title or interest in or to any of the Trademarks, Patents and Copyrights, it hereby assigns and transfers such rights, title or interest to Grantor, along with any goodwill in the Trademarks, Patents and Copyrights that the Secured Party may have acquired.
