INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (the "Agreement"), dated as of December 22, 2015, is made by and between The Robert Allen Group, Inc., a Delaware corporation (the "Company"), and Corber Corp., as agent (in such capacity, together with its successors and permitted assigns, the "Agent").

Recitals

A. The Company, the Noteholders, and the Agent are parties to a Term Note and Security Agreement (as amended, supplemented or restated from time to time, the "Credit Agreement") dated the same date as this Agreement, setting forth the terms on which the Company shall issue the Notes to the Noteholders.

B. Under the terms of the Credit Agreement, the Company has granted to the Agent, for the benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Company, and has agreed thereunder to execute this Agreement for recording with the United States Patent and Trademark Office, the United States Copyright Office and any other appropriate domestic governmental authorities, as applicable.

ACCORDINGLY, in consideration of the mutual covenants contained in the Note Documents and herein, the parties hereby agree as follows:

1. Definitions. All terms defined in the Recitals hereto or in the Credit Agreement that are not otherwise defined herein shall have the meanings given to them in the Credit Agreement. In addition, the following terms have the meanings set forth below:

"Computer Software" means all of the Company's right, title and interest in and to all computer software, programs and databases (including, without limitation, source code, object code and all related applications and data files), firmware and documentation and materials relating thereto, together with any and all maintenance rights, service rights, programming rights, hosting rights, test rights, improvement rights, renewal rights and indemnification rights and any substitutions, replacements, improvements, error corrections, updates and new versions of any of the foregoing.

"Copyrights" means all of the Company's right, title and interest in and to all copyrightable works and all copyrights of the Company and licenses thereunder, whether presently existing or hereafter arising, including but not limited to the registered copyrights, applications to register copyrights, and unregistered works (if any) listed on Exhibit A.

"Patents" means all of Company's right, title and interest in and to patents or applications for patents, fees or royalties with respect to each, and including without limitation the right to sue for past infringement and damages therefor, and licenses thereunder, all as presently existing or hereafter arising or acquired, including without limitation the patents listed on Exhibit B.

“Security Interest” has the meaning given in Section 2.

“Trade Secrets” means all of the Company’s right, title and interest in and to all confidential and proprietary information, including, without limitation, know-how, trade secrets, manufacturing and production processes and techniques, inventions, research and development information, databases and data, including, without limitation, technical data, financial, marketing and business data, pricing and cost information, business and marketing plans and customer and supplier lists and information.

“Trademarks” means all of Company’s right, title and interest in and to: (i) trademarks, service marks, collective membership marks, registrations and applications for registration for each, and the respective goodwill associated with each, (ii) licenses, fees or royalties with respect to each, (iii) the right to sue for past, present and future infringement, dilution and damages therefor, and (iv) licenses thereunder, all as presently existing or hereafter arising or acquired, including, without limitation, the marks listed on Exhibit C.

2. Security Interest. Company hereby irrevocably pledges and assigns to, and grants to Agent, for the benefit of the Secured Parties, a continuing security interest (the “Security Interest”) with power of sale to the extent permitted by law, in the Computer Software, Trade Secrets, Copyrights, Patents and in the Trademarks to secure payment of the Obligations. As set forth in the Credit Agreement, the Security Interest is coupled with a security interest in substantially all of the personal property of Company. This Agreement grants only the Security Interest herein described, is not intended to and does not affect any present transfer of title of any trademark registration or application and makes no assignment and grants no right to assign or perform any other action with respect to any intent to use trademark application, unless such action is permitted under 15 U.S.C. § 1060.

3. Credit and Security Agreement. The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Agent pursuant to the Credit Agreement and Company hereby acknowledges and agrees that the rights and remedies of the Agent with respect to the security interest in the Computer Software, Trade Secrets, Copyrights, Patents and Trademarks made and granted hereby are more fully set forth in the Credit Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. Termination. This Agreement shall terminate and the Lien on the security interest in the Computer Software, Trade Secrets, Copyrights, Patents and Trademarks shall be released upon the payment and performance in full of the Obligations (other than any outstanding indemnification obligations) pursuant to the terms of the Credit Agreement. Upon the termination of this Agreement, the Agent shall execute (or cause to be executed) all documents, make all filings, and take (or cause to be taken) all other actions reasonably requested by the Company to evidence and record the release of the Lien on and security interests in the Computer Software, Trade Secrets, Copyrights, Patents and Trademarks granted herein.

5. Recordation. The Company authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer record this Agreement.

6. Miscellaneous. Except as set forth in Section 4, this Agreement can be waived, modified, amended, terminated or discharged, and the Security Interest can be released, only explicitly in a writing signed by the Agent. A waiver signed by the Agent shall be effective only in the specific instance and for the specific purpose given. Mere delay or failure to act shall not preclude the exercise or enforcement of any of Agent's rights or remedies. All rights and remedies of Agent shall be cumulative and may be exercised singularly or concurrently, at Agent's option, and the exercise or enforcement of any one such right or remedy shall neither be a condition to nor bar the exercise or enforcement of any other. All notices to be given to Company under this Agreement shall be given in the manner and with the effect provided in the Credit Agreement. Except as provided in the Credit Agreement, Agent shall not be obligated to preserve any rights Company may have against prior parties, to realize on the Computer Software, Trade Secrets, Copyrights, Patents and Trademarks at all or in any particular manner or order, or to apply any cash proceeds of Computer Software, Trade Secrets, Copyrights, Patents and Trademarks in any particular order of application. If any provision or application of this Agreement is held unlawful or unenforceable in any respect, such illegality or unenforceability shall not affect other provisions or applications which can be given effect and this Agreement shall be construed as if the unlawful or unenforceable provision or application had never been contained herein or prescribed hereby.

7. Counterparts. This Agreement may be executed in counterparts, each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement shall become effective when Agent has received counterparts bearing the signatures of all parties hereto. Delivery of a signature page of this Agreement by telecopy or other electronic means shall be effective as delivery of a manually executed counterpart of such agreement.

8. Governing Law. THIS AGREEMENT SHALL BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK, WITHOUT GIVING EFFECT TO ANY CONFLICT OF LAW PRINCIPLES.

9. Waiver of Jury Trial. THE PARTIES WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING BASED ON OR PERTAINING TO THIS AGREEMENT.
