TRADEMARK SECURITY AGREEMENT

February 5, 2019

WHEREAS, Preventice Technologies, Inc., a Delaware corporation (the “*Grantor*”), is a party to that certain Security Agreement, dated as of February 5, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the “*Security Agreement*”; capitalized terms used herein without definition shall have the meanings set forth in the Security Agreement), among the Grantor, the other grantors from time to time party thereto and CRG SERVICING LLC, as administrative agent and collateral agent (in such capacities, together with its successors and assigns, “*Administrative Agent*”), pursuant to which the Grantor has pledged and granted to Administrative Agent, for the benefit of the Secured Parties, a security interest in all of the Grantor’s right, title and interest in, to and under all of its personal property, including without limitation the trademarks and trademark registrations and applications listed on **Schedule A** hereto; and

WHEREAS, it is a condition to the advance of the loans and other obligations secured by the Security Agreement, that the Grantor execute and deliver, and cause to be filed in the United States Patent and Trademark Office, this Trademark Security Agreement (this “*Trademark Security Agreement*”).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

As collateral security for the prompt and complete payment and performance in full when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations, the Grantor hereby pledges and grants to Administrative Agent, for the benefit of the Secured Parties, a security interest in all of the Grantor’s right, title, goodwill, and interest in, to and under all of the trademarks, whether now owned or at any time hereafter acquired, of the Grantor that are registered with, or for which applications for registration have been filed with, the United States Patent and Trademark Office, including the trademarks listed on **Schedule A** hereto, and all registrations and pending applications associated therewith (excluding any U.S. application for registration of a trademark filed on an intent-to-use basis solely to the extent that the grant of a security interest in any such trademark application would materially adversely affect the validity or enforceability of the resulting trademark registration or result in cancellation of such trademark application, provided, that, upon submission and acceptance by the United States Patent and Trademark Office of a statement of use or an amendment to allege use with respect to such intent-to-use trademark application, such intent-to-use trademark application shall no longer be excluded and shall automatically be included as Collateral).

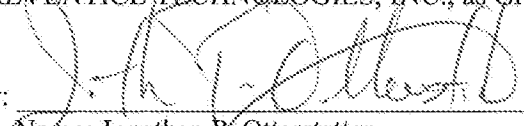

Notwithstanding the foregoing, in the event of any conflict between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

This Trademark Security Agreement and the rights and obligations of the parties hereunder shall be governed by, and construed in accordance with, the law of the State of New York, without regard to principles of conflicts of laws that would result in the application of the laws of any other jurisdiction; *provided that* Section 5-1401 of the New York General Obligations Law shall apply.

[signature to follow]

IN WITNESS WHEREOF, the Grantor has caused this Trademark Security Agreement to be duly executed and delivered as of the day and year first above written.

PREVENTICE TECHNOLOGIES, INC., as Grantor
