INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (this “**Assignment**”), effective as of June 1, 2015, is entered into by and between Austin IVF, L.P., a Texas limited partnership (“**Seller**”) and FPG Services, LLC, a Delaware limited liability company (“**Buyer**”), pursuant to Sections 1.01(d) and 1.08(b)(iii) of the Asset Purchase and Contribution Agreement dated April 10, 2015, by and between Seller, Buyer, FPG Labs of Austin, LLC, a Delaware limited liability company, and the Owners (the “**Purchase Agreement**”).

All capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Asset Purchase Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements of the parties as hereinafter set forth and other good and valuable consideration, the receipt and sufficiency of which hereby are acknowledged, the parties hereto hereby agree as follows:

1. Assignment. Seller, jointly and severally, hereby assigns and transfers exclusively to Buyer all rights, title and interest of Seller throughout the world and in perpetuity, including all statutory and common law rights, in and to the Intellectual Property Assets, together with all goodwill symbolized thereby and/or associated therewith, and the right to sue or make claims for any past, present or future infringement, misappropriation or unauthorized use thereof and the right to all income, royalties, damages and other payments that are now or may hereafter become due or payable with respect thereto, including, without limitation, damages for any past, present or future infringement, misappropriation or unauthorized use of the Intellectual Property Assets; all of such rights, title and interest to be held and enjoyed by Buyer and its successors and assigns to the same extent that such would have been held and enjoyed by Seller had this Assignment not been made. For the avoidance of doubt, the Intellectual Property Assets shall specifically include, without limitation, all of the assets specified in Exhibit A attached hereto and shall specifically exclude, without limitation, all of the assets specified in Exhibit B.

2. Further Assurance. Sellers agree to execute, deliver and file (or cause to be executed, delivered and filed) such further documentation and take such further action as may be reasonably requested by Buyer in order to fully effectuate the above assignment of rights with respect to the Intellectual Property Assets.

3. Entire Agreement. This Assignment, together with the Purchase Agreement, constitute the entire agreement and supersede all prior agreements and understandings, written and oral, between the parties hereto with respect to the subject matter hereof.

4. Governing Law. This Assignment shall be governed by and construed in accordance with the federal laws of the United States (where applicable) and the laws of the State of Delaware (without giving effect to the conflict of laws provisions thereof).

5. Consent to Jurisdiction. The parties hereby agree that the United States federal courts located in the State of Delaware shall have exclusive jurisdiction over the resolution of any dispute under this Assignment or regarding the transactions contemplated hereby, and submit and consent to the personal jurisdiction of such courts and that venue is proper therein;

provided, however, that if United States federal courts located in Delaware lack subject matter jurisdiction over any dispute hereunder, the parties hereby agree that the state courts of Delaware shall have exclusive jurisdiction over the resolution of any such dispute and the parties hereby agree to the personal jurisdiction of such courts and that venue is proper therein.

6. Waiver of Jury Trial. Each of the parties hereto hereby waives, to the fullest extent permitted by applicable law, any right to a trial by jury in any action or proceeding to enforce or defend any rights under this Assignment or any document entered into with this Assignment and any amendment, instrument, document or agreement delivered or which may in the future be delivered in connection herewith or therewith, and agrees that any such action or proceeding shall be tried before a court and not before a jury.

7. Counterparts. This Assignment may be executed in any number of counterparts, each of which when so executed shall constitute an original copy hereof, but all of which together shall constitute one agreement. The parties hereto agree that the delivery of this Assignment by facsimile or e-mailed .pdf files of scanned copies bearing their respective signatures shall be sufficient and binding upon them as if such document were delivered with original signatures.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be executed as of the date and year first above written.
