## TRADEMARK SECURITY AGREEMENT

This **TRADEMARK SECURITY AGREEMENT** (this “**Agreement**”) is made as of **December 26, 2018** (the “**Effective Date**”) by Fitness Anywhere LLC, a Delaware limited liability company (“**Grantor**”) in favor of Woodforest National Bank (the “**Lender**”) (as defined in the Credit Agreement or the Guarantee and Security Agreement as applicable in each case as referred to below).

### RECITALS:

**WHEREAS**, reference is made to (i) that certain Guarantee and Security Agreement, dated as of December 26, 2018 (as it may be amended, restated, supplemented or otherwise modified from time to time, the “**Guarantee and Security Agreement**”), among the Grantor, certain other grantors party thereto, and the Lender and (ii) that certain Credit Agreement, dated as of December 26, 2018 (as it may be amended, restated, supplemented or otherwise modified from time to time, the “**Credit Agreement**”), between the Grantor and the Lender; and

**WHEREAS**, under the terms of the Guarantee and Security Agreement, Grantor has (i) as collateral security for the Obligations, granted to the Lender a security interest in and continuing lien on all of Grantor’s right, title and interest in, to and under the Collateral (as defined in the Guarantee and Security Agreement), including, without limitation, certain intellectual property of Grantor and (ii) agreed to execute this Agreement for recording with the United States Patent and Trademark Office.

**NOW, THEREFORE**, in consideration of the premises and the agreements, provisions and covenants herein contained, Grantor and the Lender agree as follows:

**Section 1. Terms.** Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Guarantee and Security Agreement or the Credit Agreement. The rules of construction specified in Section 1.2 of the Credit Agreement apply to this Agreement.

**Section 2. Grant of Security.** As collateral security for the Obligations, Grantor hereby grants to the Lender a security interest in and continuing lien on all of Grantor’s right, title and interest in, to and under the following (collectively, the “**Trademark Collateral**”):

(a) (1) all trademarks, trademark registrations, interests under trademark license agreements, trade names, trademark applications, service marks, business names, trade styles, trade dress, designs, logos and other source or business identifiers which are used in the United States or any state, territory or possession thereof, or in any other place, nation or jurisdiction anywhere in the world, including the trademark registrations and applications listed on **Schedule 1**, (2) all income, royalties, damages and payments now and hereafter due and/or payable with respect to any such mark, including damages and payments for past, present or future infringements thereof, (3) rights to sue for past, present and future infringements thereof, (4) rights corresponding thereto throughout the world, and (5) renewals and proceeds of any of the foregoing (collectively, the “**Trademarks**”); and

(b) all goodwill associated with or symbolized by the Trademarks.

Notwithstanding the foregoing, no security interest is granted in any "intent to use" Trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the registrability, validity or enforceability of such applications under applicable federal law; provided that, at such time any such "intent to use" Trademark application matures into an "actual use" Trademark application by Grantor's receipt of a written notification from the United States Patent and Trademark Office of its acceptance of either an "Amendment to Alleged Use" or "Statement of Use," such "intent to use" Trademark application shall immediately be included in the Trademark Collateral, and any security interest that would otherwise be granted herein shall attach immediately to such "actual use" Trademark application.

**Section 3. Recordation.** Grantor authorizes and requests that the United States Patent and Trademark Office and any other applicable government office record this Agreement.

**Section 4. Counterparts.** This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or in electronic (i.e., "pdf" or "tif") format shall be effective as delivery of a manually executed counterpart of this Agreement.

**Section 5. Governing Law.** This Agreement and the rights and obligations of the Grantor hereunder shall be governed by, and shall be construed and enforced in accordance with, the laws of the State of New York without regard to conflict of laws principles thereof.

**Section 6. Conflict Provision.** This Agreement has been entered into in conjunction with the provisions of the Guarantee and Security Agreement and the Credit Agreement. The rights and remedies of each party hereto with respect to the security interest granted herein are without prejudice to, and are in addition to, those set forth in the Guarantee and Security Agreement and the Credit Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Agreement are in conflict with the Guarantee and Security Agreement or the Credit Agreement, the provisions of the Guarantee and Security Agreement or the Credit Agreement shall govern.

[remainder of page intentionally left blank]

**IN WITNESS WHEREOF**, Grantor and the Lender have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the date first written above.
