## TRADEMARK ASSIGNMENT

**THIS TRADEMARK ASSIGNMENT** (the "Assignment"), effective as of date set forth below, is made by Solulink Incorporated, a California corporation ("Assignor") in favor of Maravai Life Sciences, Inc., a Delaware corporation ("Assignee").

### RECITALS:

- A. Assignor is the owner of record of the trademark application and registration listed on Exhibit A (the "Trademark").
- B. Assignee desires to acquire all of Assignor's entire right, title, and interest in and to the Trademark, together with whatever goodwill is associated with the Trademark.
- C. Assignor desires to transfer to Assignee all of Assignor's rights in the Trademark.

### AGREEMENTS:

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Assignor does hereby sell, assign, transfer, convey and set over unto Assignee all rights, title, and interest in and to the Trademark, together with all other goodwill associated with the Trademark, including, but not limited to, any and all rights to register and to renew the Trademark, together with all rights to sue and recover for past, present and future infringement thereof, to have and to hold forever for the sole and exclusive use and benefit of Assignee. As a result of this Assignment, the Trademark is to be held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its heirs, successors, assigns, and legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment, sale, conveyance, and transfer had not been made, together with all income, royalties, damages or payments due or payable as of the date of this Assignment or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademark, with the right to sue for, and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.
2. Assignor hereby authorizes and requests the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as owner of the Trademark. Assignor agrees to cooperate to sign and deliver to Assignee any further assignment documents reasonably requested by Assignee to effectuate the assignment of the Trademark to Assignee.
3. This Assignment constitutes the entire understanding between the parties with respect to the subject matter of this Assignment and supersedes any prior discussions, negotiations, agreements and understandings.

4. This Assignment shall be governed and controlled in all respects by the laws of the State of California, including interpretation, enforceability, validity and construction, without regard to any conflict of law provisions.

5. The parties represent that they have carefully read this Assignment and have had an opportunity to consult with an attorney. The parties affirmatively state that they understand the contents of this Assignment, and sign this Assignment as their free act and deed.

6. This Assignment may be executed in one or more counterparts, each of which will be deemed an original agreement, but all of which will be considered one instrument and will become a binding agreement when one or more counterparts have been signed by each of the parties and delivered to the other. A facsimile of this document bearing a party's signature or a printed copy of the original, signed document scanned in .pdf or other digital format shall have the same legal force and effect as an original of such signature and shall be treated as an original document for evidentiary purposes.
