ASSIGNMENT OF U.S. AND NON-U.S. TRADEMARK RIGHTS

THIS ASSIGNMENT OF U.S. AND NON-U.S. TRADEMARK RIGHTS (this "Assignment"), made as of February 28, 2019, is entered into by and between Innovative Water Care Global Corporation ("Assignee") and Arch Chemicals, Inc., Lonza Group AG (a/k/a Lonza Group Ltd), Lonza Ltd, Arch Chemicals Japan (Kabushiki Kaisha), Aquachlor (Proprietary Limited), Arch UK Biocides Limited, and each of the affiliated or subsidiary entities listed in Schedule A hereto (collectively, the "Assignor") (collectively, the "Parties").

WHEREAS, Assignor and Assignee are parties to that certain Master Purchase Agreement, dated October 31, 2018 (the "Purchase Agreement"), pursuant to which Assignor agreed to sell, assign, transfer, convey, and deliver certain assets to Assignee, including all of Assignor's right, title, and interest in and to the marks identified on Schedule B hereto, including all registrations and trademark applications therefor and further including all goodwill associated therewith (the "Assigned Trademarks");

NOW THEREFORE, in consideration of the promises and the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by both Assignor and Assignee, Assignor and Assignee hereby agree as follows:

1. Definitions. Capitalized terms used but not defined herein shall have the meanings accorded to them in the Purchase Agreement.
2. Assignment. Assignor hereby sells, conveys, assigns, delivers, and transfers to Assignee all of Assignor's right, title, and interest in and to the Assigned Trademarks, including (i) all goodwill associated therewith and symbolized thereby; (ii) any and all rights of priority thereto and renewals thereof; and (iii) the right to sue and recover for past, present, and future infringement or dilution of the foregoing, and Assignee hereby accepts the foregoing sale, conveyance, assignment, delivery, and transfer from Assignor.
3. Authority. The officer that executes this Assignment on behalf of Assignor is authorized to bind and obligate each of the entities defined herein as part of Assignor. The officer that executes this Assignment on behalf of Assignee is authorized to bind and obligate the entity defined herein as Assignee.
4. Recordation. This Assignment has been executed and delivered by Assignor with the intention of recording it with the U.S. Patent and Trademark Office and also any non-U.S. patent and/or trademark offices.
5. Further Assurances. Both parties hereto covenant and agree to prepare, execute, acknowledge, file, record, publish, and deliver to the other party hereto such other instruments, documents, and statements, and take such other action as may be reasonably requested in the discretion of the requesting party to carry out more effectively the purposes of this Assignment, including, without limitation, the recordation of this Assignment, or a suitable form hereof, in any patent and/or trademark office or other similar governmental authority, in each relevant jurisdiction. Each party shall pay its own costs incurred to comply with such request.

6. Purchase Agreement. Nothing in this Assignment, express or implied, is intended to or shall be construed to supersede, modify, replace, amend, rescind, waive, expand, or limit in any way the rights of the parties under, or the terms of, the Purchase Agreement. To the extent that any provision of this Assignment conflicts or is inconsistent with the terms of the Purchase Agreement, the Purchase Agreement shall govern.

7. Governing Law. This Assignment shall be governed by, and construed in accordance with, the laws of the State of New York, without regard to its conflicts of laws rules.

8. Counterparts. This Assignment may be executed in one or more counterparts (including by facsimile or electronic .pdf submission), each of which shall be deemed to be an original and all of which shall be deemed to constitute the same agreement.

ASSIGNMENT OF U.S. AND NON-U.S. TRADEMARK RIGHTS

THIS ASSIGNMENT OF U.S. AND NON-U.S. TRADEMARK RIGHTS (this "Assignment"), made as of February 28, 2019, is entered into by and between Innovative Water Care Global Corporation ("Assignor") and Innovative Water Care, LLC ("Assignee").

WHEREAS, Assignor and Assignee desire to sell, assign, transfer, convey, and deliver certain assets to Assignee, including all of Assignor's right, title, and interest in and to the marks identified on Schedule A hereto, including all registrations and trademark applications therefor and further including all goodwill associated therewith (the "Assigned Trademarks");

NOW THEREFORE, in consideration of the promises and the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by both Assignor and Assignee, Assignor and Assignee hereby agree as follows:

1. Assignment. Assignor hereby sells, conveys, assigns, delivers, and transfers to Assignee all of Assignor's right, title, and interest in and to the Assigned Trademarks, including (i) all goodwill associated therewith and symbolized thereby; (ii) any and all rights of priority thereto and renewals thereof; and (iii) the right to sue and recover for past, present, and future infringement or dilution of the foregoing, and Assignee hereby accepts the foregoing sale, conveyance, assignment, delivery, and transfer from Assignor.

2. Recordation. This Assignment has been executed and delivered by Assignor with the intention of recording it with the U.S. Patent and Trademark Office and also any non-U.S. patent and/or trademark offices.

3. Further Assurances. Both parties hereto covenant and agree to prepare, execute, acknowledge, file, record, publish, and deliver to the other party hereto such other instruments, documents, and statements, and take such other action as may be reasonably requested in the discretion of the requesting party to carry out more effectively the purposes of this Assignment, including, without limitation, the recordation of this Assignment, or a suitable form hereof, in any patent and/or trademark office or other similar governmental authority, in each relevant jurisdiction. Each party shall pay its own costs incurred to comply with such request.

4. Governing Law. This Assignment shall be governed by, and construed in accordance with, the laws of the Commonwealth of Massachusetts, without regard to its conflicts of laws rules.

5. Counterparts. This Assignment may be executed in one or more counterparts (including by facsimile or electronic .pdf submission), each of which shall be deemed to be an original and all of which shall be deemed to constitute the same agreement.
