INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the "**IP Security Agreement**") dated March 12, 2019, is made by the Persons listed on the signature pages hereof (collectively, the "**Grantors**") in favor of White Oak Healthcare Finance, LLC, as Administrative Agent for the Lenders (as defined in the Loan Agreement referred to below).

WHEREAS, UNITED MEDICAL SYSTEMS (DE), INC., a Delaware corporation, as the Borrower Representative, UNITED MEDICAL SYSTEMS LLC, a Delaware limited liability company ("**Holdings**"), certain other Subsidiaries of Holdings that are listed as Borrowers and Guarantors thereunder, certain Lenders party thereto and White Oak Healthcare Finance, LLC, as Administrative Agent for such Lenders have entered into a Loan and Security Agreement dated as of March 12, 2019 (as amended, amended and restated, supplemented or otherwise modified from time to time in accordance with its terms, the "**Loan Agreement**").

WHEREAS, pursuant to Section 3.01 of the Loan Agreement the Grantors have granted to the Administrative Agent, for the ratable benefit of the Lenders, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office, and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

Grant of Security. Each Grantor hereby grants to the Administrative Agent for the ratable benefit of the Lender Parties a security interest in all of such Grantor's right, title and interest in and to the following (the "**Collateral**"):

all United States trademarks, service marks, domain names, trade dress, logos, designs, slogans, trade names, business names, corporate names and other source identifiers, whether registered or unregistered (provided that no security interest shall be granted in United States intent-to-use trademark applications solely to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law) set forth in Schedule A hereto, and all common-law rights related thereto, together, in each case, with the goodwill symbolized thereby (the "**Trademarks**");

all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.

Security for Obligations. The grant of a security interest in the Collateral by each Grantor under this IP Security Agreement secures the payment of all Obligations, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Obligations and that would be owed by such Grantor to any Lender under the Loan Documents but for the fact that such Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Loan Party.

Recordation. Each Grantor authorizes and requests that the Commissioner for Trademarks record this IP Security Agreement.

Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

Grants, Rights and Remedies. This IP Security Agreement is expressly subject to the terms and conditions of the Loan Agreement and does not modify its terms or conditions or create any additional rights or obligations for any party thereto or hereto. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Administrative Agent with respect to the Collateral are more fully set forth in the Loan Agreement.

Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

IN WITNESS WHEREOF, each Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
