Assignors hereby irrevocably sell, convey, assign, transfer, and deliver to Assignee and its successors and assigns forever, without any restrictions, limitations, or reservations, all of Assignors’ right, title, and interest in and to the IP Rights, as fully and entirely as the same would have been held and enjoyed by Assignors had this IP Assignment not been made, including (a) any and all rights of priority thereto and renewals thereof, as may now or hereafter be granted to it by law, (b) all associated goodwill, (c) all income, royalties, or payments now or hereafter due or payable with respect thereto, and (d) any and all rights corresponding thereto throughout the world, including rights, interests, claims, and demands recoverable in law or equity that Assignors have or may have in profits and damages for past, present and future infringements of the IP Rights, including the right to compromise, sue for, and collect such profits and damages, and Assignee does hereby accept assignment of the IP Rights from Assignors.
