Exhibit J

Patent & Trademark Assignment Agreement

[See attached.]

PATENT AND TRADEMARK ASSIGNMENT

THIS PATENT AND TRADEMARK ASSIGNMENT (hereinafter the "Assignment"), is made and entered into as of December 19, 2018 (hereinafter the "Effective Date"), by and between Kimberly-Clark Worldwide, Inc., a Wisconsin corporation (hereinafter "Assignor"), and SureWrx USA Inc., an Illinois corporation (hereinafter "Assignee").

WHEREAS, Assignor owns all right, title and interest in and to the patents, industrial designs, and trademarks listed on Schedule A, including all registrations, applications, and common law rights in, to and under the such patents, industrial designs and trademarks owned by Assignor (the "IP");

WHEREAS, Assignor and Assignee have entered into that certain Asset Purchase Agreement, dated December 19, 2018 (the "Asset Purchase Agreement"), pursuant to which Assignor agreed to assign to Assignee all of Assignor's right, title and interest in and to the IP; and

WHEREAS, in accordance with the Asset Purchase Agreement, Assignee wishes to acquire from Assignor, and Assignor wishes to transfer to Assignee, all of Assignor's right, title and interest in and to the IP.

NOW, THEREFORE, in consideration of the mutual promises contained in the Asset Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignor hereby irrevocably sells, assigns, transfers and conveys to Assignee all right, title and interest it now has or ever has had in and to the IP worldwide, together with the goodwill of the business symbolized thereby (including the respective goodwill of the business symbolized by each of the respective marks the subject of the Asset Purchase Agreement), including but not limited to any applications or registrations therefor, together with all claims that can or may be asserted by Assignor arising out of or relating to the use or ownership of any of the IP, but excluding in all cases (a) applications in jurisdictions outside of the United States that are not permitted to be transferred pursuant to local law until such applications reach registration. Assignor shall irrevocably sell, assign, transfer and convey to Assignee all right, title and interest it now has or has had in and to such IP represented by the applications described in the foregoing Paragraph 1(a) (together with the goodwill of the business symbolized thereby and all claims that can or may be asserted arising out of or relating to the use of such IP) upon registration of such non-U.S. applications.

2. As of the Effective Date, Assignee shall have all benefits, privileges, cause of actions and remedies arising out of or relating to the IP or the exploitation thereof, including without limitation the exclusive right to apply for and maintain all applications, registrations or renewals for the IP; to sue for all past or future infringements of the IP or other violations of any rights in the IP and to settle and retain proceeds from any such action. In addition, as of the Effective Date, Assignee assumes full responsibility for, and subject to its ongoing obligations described in Paragraphs 1 above and 3 below Assignor is relieved of, all obligations relating to the IP, that arise in and relate to the period following the Closing, including but not limited to all costs, taxes and fees that accrue after the Effective Date for preparing and recording any assignments contemplated herein; maintaining, defending, enforcing and litigating rights in the IP; or otherwise registering, renewing or maintaining any trademark registrations for the IP.

3. Assignor shall execute and deliver any and all instruments and documents and take such further actions as may be necessary or reasonably requested by Assignee to document and record with the appropriate authorities the aforesaid assignment and transfer of the IP and to document and record the future assignment of the IP described in Paragraph 1(a) above, as applicable.

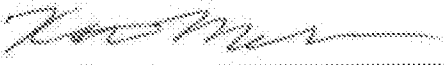

4. Nothing in Assignment, express or implied, is intended to or shall be construed to modify, expand or limit in any way the terms of the Asset Purchase Agreement. To the extent that any provision of this Assignment conflicts or is inconsistent with the terms of the Asset Purchase Agreement, the Asset Purchase Agreement shall govern. Nothing in this Assignment shall alter any liability or obligation of Assignor or Assignee arising under the Asset Purchase Agreement.

5. This Assignment may be executed in counterparts, each of which shall be deemed an original and all of which, when taken together, shall constitute one and the same instrument. This Assignment may be executed by facsimile or .pdf signature and a facsimile or .pdf signature shall constitute an original for all purposes.

The remainder of this page left blank intentionally. Signature pages follow.

IN WITNESS WHEREOF, the parties hereto have each caused this Trademark Assignment to be duly signed.

ASSIGNOR
Kimberly-Clark Worldwide, Inc.
