Assignor and Assignee are parties to a Stock and Asset Purchase Agreement dated March 14, 2018 (the "Agreement"), by which Assignor assigned to Assignee all of Assignor's right, title and interest in and to the United States trademark registrations listed below, including any applications and common law trademark rights relating thereto (the "Marks"):

Serial Number 77913018

Life Changing Apparel

Registration Number 4748825

Serial Number 86114131

In order to perfect such assignment, Assignor makes this Assignment and does hereby sell, assign, transfer and set over to Assignee, Assignor's entire right, title and interest in and to the Marks, together with the goodwill of the Marks, for the United States and for all foreign countries, including any renewals or extensions thereof that are or may be secured under the laws of the United States or foreign countries now or hereafter in effect and including the subject matter of all claims which may be obtained therefrom for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made; together with all income, royalties or payments due or payable as of the effective date of this Assignment or thereafter, including all claims for damages by reason of past, present or future infringement or other unauthorized use, with the right to sue for, and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

Assignor has the unrestricted right to make this Assignment and transfer the Marks, and has not conveyed or granted to any person any right, title or interest in or to any portion of the Marks except to Assignee.

Assignor agrees to perform any further acts and to execute and deliver any instruments or documents from time to time that Assignee deems necessary or useful to effect the intent of this Assignment. In no event shall the assignment of the Marks constitute an assumption of any liability by Assignee in connection with the use of the Marks by Assignor.

This Assignment shall be binding upon Assignor, and inure to the benefit of Assignee, and their respective legal representatives, successors and assigns.

This Assignment shall be governed by, construed and enforced in accordance with the laws of the State of Georgia, without regard to its conflicts laws.
