TRADEMARK, DOMAIN AND COPYRIGHT ASSIGNMENT AGREEMENT

This Trademark, Domain and Copyright Assignment (this "Assignment") is entered into this 19th day of December, 2017 ("Assignment Effective Date"), by and among Valeant Canada LP, a Quebec limited partnership, by its general partner, Valeant Canada GP Limited ("Assignor"), and Exzell Pharma Inc., a corporation incorporated under Ontario law ("Assignee"). Each of Assignors and Assignee is sometimes referred to herein, individually, as a "Party" and, collectively, as the "Parties."

WHEREAS, Assignors wish to sell, convey, transfer, assign and deliver to the Assignee all of Assignors' rights, titles, and interests in, to and under all: (i) registered or unregistered trademarks, service marks, trade dress, logos, trade names and corporate names, business, corporate and product names and slogans relating to Assignor's Swiss Natural® line of natural health products ("Trademarks") including the ones set forth in Schedule A; (ii) internet domains names and registrations and other digital assets ("Domains Names") set forth in Schedule A; and (iii) copyrights, copyrightable works and works of authorship relating to Assignor's Swiss Natural® line of natural health products ("Copyrights"), including the one set forth in Schedule A, together with all of the goodwill associated with the foregoing.

NOW, THEREFORE, in consideration of the foregoing and the representations, warranties, covenants, agreements and provisions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the Parties agree as follows:

1. The Assignor hereby irrevocably sells, conveys, transfers, assigns and delivers to Assignee and its successors and assigns, all of Assignor's right, title, and interest in, to and under the Trademarks, Domains and Copyrights, together with all of the goodwill associated with the foregoing, including but not limited to, any and all legal actions and rights and remedies at law or in equity for past infringements of the Trademarks, Domains and Copyrights, and all rights to file for and maintain registrations for the Trademarks, Domains and Copyrights, the same to be held and enjoyed by Assignee, its successors, assigns, and other legal representatives, as fully and entirely as would have been held and enjoyed by Assignors if this Agreement had not been made.
2. The Assignor will provide access and password information for the Domain Names so that the Assignee may take control of the Domain Names.
3. This Assignment is made for the sole benefit of the Parties hereto and their respective successors executors and permitted assigns, and nothing contained herein, express or implied, is intended to or shall confer upon any other person any third-party beneficiary right or any other legal or equitable rights, benefits or remedies of any nature whatsoever under or by reason of this Assignment.
4. This Assignment shall be governed by, and construed in accordance with, the laws of the Province of Ontario and the laws of Canada applicable therein without giving effect to any choice of law or conflict of law rules or provisions (whether of the Province of Ontario or any other jurisdiction) that could cause the application of the laws of any jurisdiction other than the Province of Ontario. Each of the Parties hereto submits to the exclusive jurisdiction and venue of the courts of the Province of Ontario, in any action of proceeding arising out of or relating to this Assignment.
5. The Assignor shall promptly do, execute, deliver or cause to be done, executed and delivered all further acts, documents and things in connection with this Agreement that the Assignee may reasonably require for the purposes of giving effect to this Agreement.
6. This Assignment may be executed in any number of counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument. Any signature delivered by facsimile or email transmission shall be of the same force and effect as if such facsimile or email signature were an original.
