INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (this "IP Assignment"), dated as of May 15, 2019, is entered into by and between Modne, Inc., a California corporation ("Seller"), on the one hand, and Spigen Inc, a California corporation ("Purchaser"), on the other hand.

BACKGROUND:

WHEREAS, Seller and Purchaser are parties to that certain Asset Purchase Agreement, dated as of even date herewith (the "Purchase Agreement"), pursuant to which, among other things, Seller agreed to sell, assign, transfer, convey and deliver to Purchaser, and Purchaser agreed to purchase from Seller, all of Seller's right, title and interest in and to certain Intellectual Property Assets owned by Seller; and

WHEREAS, the Purchase Agreement contemplates that, as part of the transactions contemplated thereby, Seller and Purchaser will enter into this IP Assignment for the purposes set forth herein.

NOW, THEREFORE, pursuant to the terms and conditions of the Purchase Agreement, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller and Purchaser hereby agree as follows:

AGREEMENT:

1. Defined Terms. Capitalized terms used but not defined herein will have the respective meanings assigned to such terms in the Purchase Agreement.

2. Assignment. Effective as of the date hereof, Seller hereby irrevocably sells, assigns, transfers, conveys, otherwise transfers and delivers to Purchaser all of Seller's right, title and interest in, to and under the following Intellectual Property Assets:

(a) the trademarks, trademark registrations, and trademark applications listed in Exhibit A, including all common law rights associated the trademarks and all issuances, extensions and renewals of the foregoing throughout the world (the "Assigned Marks");

(b) the patents and patent applications listed in Exhibit B and all continuations, continuations-in-part, divisionals, extensions, substitutions, reissues, re-examinations and renewals of any of the foregoing, and any patents or patent applications from which any of them claim priority or that claim priority from any of them throughout the world, and all inventions disclosed and/or claimed in any of the foregoing (the "Assigned Patents");

(c) the registered and unregistered copyrights listed in Exhibit C, including all underlying works described therein, all common law or other rights of any character, any attendant moral rights, any U.S. or foreign registrations and renewal rights for the full term or terms for which the same may be granted throughout the world (the "Assigned Copyrights");

(d) all goodwill connected with the use of, and symbolized by, the Assigned Marks, the Assigned Patents, and the Assigned Copyrights throughout the world and all goodwill associated with the business connected with use of the foregoing throughout the world;

(e) all rights to sue, enforce, and bring actions for all past, present and future infringement or violation of any of the Assigned Marks, Assigned Patents, and Assigned Copyrights, to seek past, present, and future damages, costs, profits, injunctive relief and other legal and equitable remedies on account thereof, to settle, collect and retain the proceeds therefrom, and any and all other rights and interests arising out of, in connection with, or in relation to the foregoing;

(f) all rights to collect past, present, and future royalties and other payments under or on account of any of the Assigned Marks, Assigned Patents, or Assigned Copyrights throughout the world;

(g) all rights to apply for, file, register, maintain, extend or renew same, and seek protection for the Assigned Marks, Assigned Patents, and Assigned Copyrights, with full benefit of such priority as may now or hereafter be granted to such Seller by applicable Law throughout the world; and

(h) all other rights with respect thereto throughout the world.

3. Recordation. Each party authorizes the Commissioner for Trademarks and the Commissioner for Patents of the USPTO and any other relevant government officials including government officials of other intellectual property offices to record and register this IP Assignment upon request by Purchaser.

4. Further Assurances. At any time or from time to time hereafter, Seller will, at the reasonable request of Purchaser, take all additional action as may be reasonably necessary to put Purchaser in operating control of the Intellectual Property Assets, and will execute, acknowledge and deliver such additional instruments of conveyance, power of attorney, sale, assignment or transfer, and take such additional actions as Purchaser may reasonably request in order to more effectively consummate the transactions contemplated by this IP Assignment.

5. Effect of Agreement. This IP Assignment is intended to evidence the consummation of the transactions contemplated by the Purchase Agreement and is subject to the terms and conditions set forth in the Purchase Agreement. This IP Assignment is made without representation or warranty, except as provided in the Purchase Agreement. Nothing contained in this IP Assignment will be construed to supersede, limit or qualify any provision of the Purchase Agreement. To the extent there is a conflict between the terms and provisions of this IP Assignment and the terms and provisions of the Purchase Agreement, the terms and provisions of the Purchase Agreement will govern. This IP Assignment shall survive the Closing.

6. Counterparts. This IP Assignment may be executed in any number of counterparts, and by the different parties hereto in separate counterparts, each of which when executed will be deemed an original, but all of which will be considered one and the same agreement, and will become effective when each party has received counterparts signed by each of the other parties, it being understood and agreed that delivery of a signed counterpart signature page to this IP Assignment by facsimile transmission, by electronic mail in portable document format (".pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document will constitute valid and sufficient delivery thereof.

7. Severability. If any provision of this IP Assignment is adjudged by any court of competent jurisdiction to be unenforceable or invalid, that provision shall be limited or eliminated to

the minimum extent necessary so that this IP Assignment shall otherwise remain in full force and effect and remain enforceable.

8. Governing Law. This IP Assignment will be governed by and construed in accordance with the Laws of the State of California that apply to agreements made and performed entirely within the State of California, without regard to the conflicts of law provisions thereof or of any other jurisdiction.

9. Amendment. This IP Assignment may not be amended or modified except by an instrument in writing signed by each of Seller and Purchaser.

10. Successors and Assigns. This IP Assignment and the various rights and obligations arising hereunder will inure to the benefit of and be binding upon each of Seller and Purchaser, and their respective successors and permitted assigns.

11. Assignment. Neither this IP Assignment nor any of the rights, interests or obligations hereunder may be assigned by any party hereto, in whole or in part (whether by operation of law or otherwise), without the prior written consent of the other party hereto; provided, however, that without such prior written consent: (a) Purchaser may assign its rights and/or delegate its obligations under this IP Assignment (in whole but not in part) to any of its Affiliates; provided, however, that no such transfer or assignment will relieve Purchaser of its obligations hereunder; (b) any or all of the rights and interests and/or obligations of Purchaser under this IP Assignment: (i) may be assigned and/or delegated to any purchaser of a substantial portion of the assets of Purchaser or any of its Affiliates (whereupon Purchaser will cease to have any further liabilities or obligations hereunder provided that such purchaser has agreed in writing to assume the liabilities and obligations of Purchaser hereunder); and (ii) may be assigned as a matter of law to the surviving entity in any merger, consolidation, share exchange or reorganization involving Purchaser or any of its Affiliates; and (c) Purchaser and its Affiliates will be permitted to collaterally assign, at any time and in their sole discretion, their respective rights hereunder to any lender or lenders providing financing to Purchaser or any of its Affiliates (including any agent for any such lender or lenders) or to any assignee or assignees of such lender, lenders or agent.
