## INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (this "Agreement") is dated as of July 2, 2019 by and between Old Dominion Mobile Canning, LLC, a Delaware limited liability company with an address of 11300 Long Meadow Drive, Glenn Allen, VA 23059 (the "Guarantor"), and Cambridge Trust Company, a Massachusetts trust company with an office at 1336 Massachusetts Ave., Cambridge, Massachusetts 02138 (the "Lender").

### RECITALS

Reference is made to a certain Loan and Security Agreement of even date herewith by and between Iron Heart Canning Company, LLC (the "Borrower") and the Lender (as such may be amended, modified, supplemented or restated hereafter, the "Loan Agreement"). The Guarantor has jointly and severally guaranteed all Obligations of the Borrower to the Lender pursuant to a Guaranty dated of even date herewith (as such may be amended, modified, supplemented or restated hereafter, the "Guaranty"). Capitalized terms used herein and not defined herein shall have the meanings assigned to such terms in the Loan Agreement.

The Lender has agreed to make certain financing arrangements available to the Borrower upon the terms and subject to the conditions specified in the Loan Agreement. The agreement of the Lender to make the loans to the Borrower is conditioned upon, among other things, the execution and delivery by Guarantor of the Guaranty, a Security Agreement of even date and this agreement in the form hereof to secure the Guarantor's obligations under the Guaranty and the Borrower's Obligations (as defined in the Loan Agreement).

“Intellectual Property” shall have the meaning assigned to such term in Section 3 hereof.

“IP Collateral” shall have the meaning assigned to such term in Section 2 hereof.

“Licenses” shall mean, collectively, the Copyright Licenses, Patent Licenses and Trademark Licenses.

“Material Adverse Effect” means a material adverse effect on (a) the business, operations, property, assets, or condition, financial or otherwise, of the Guarantor, (b) the ability of the Guarantor to perform any material obligation or to pay any Obligations under the Loan Agreement or any of the other Financing Documents, or (c) the validity or enforceability of the Loan Agreement or any of the other Financing Documents or any of the material rights or remedies of the Lender thereunder.

“Patents” shall mean all letters patent and applications for letters patent of Guarantor, and the inventions and improvements therein disclosed, and any and all divisions, reissues and continuations of said letters patent including, without limitation the patents listed on EXHIBIT B annexed hereto and made a part hereof.

“PTO” shall mean the United States Patent and Trademark Office or any other federal governmental agency which may hereafter perform its functions.

“Trademarks” shall mean all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade dress, trade styles, service marks, designs, logos and other source or business identifiers of Guarantor, whether registered or unregistered, including, without limitation, the trademarks listed on EXHIBIT C annexed hereto and made a part hereof, together with all registrations and recordings thereof all applications in connection therewith, and any goodwill of the business connected with, and symbolized by, any of the foregoing.

2. GRANT OF SECURITY INTEREST: In furtherance and as confirmation of the security interest granted by Guarantor to Lender under the Security Agreement, and as further security for the payment or performance in full of the Obligations, the Guarantor hereby ratifies such security

interest and grants to Lender a continuing security interest, with a power of sale (which power of sale shall be exercisable only following the occurrence of an Event of Default) in all of the present and future right, title and interest of Guarantor in and to the following property, and each item thereof, whether now owned or existing or hereafter acquired or arising, together with all products, proceeds, substitutions, and accessions of or to any of the following property (collectively, the “IP Collateral”):

- (a) All Copyrights and Copyright Licenses.
- (b) All Patents and Patent Licenses.
- (c) All Trademarks and Trademark Licenses.
- (d) All renewals of any of the foregoing.
- (e) All General Intangibles connected with the use of, or related to, any and all Intellectual Property (including, without limitation, all goodwill of Guarantor and its business, products and services appurtenant to, associated with, or symbolized by, any and all Intellectual Property and the use thereof).
- (f) All income, royalties, damages and payments now and hereafter due and/or payable under and with respect to any of the foregoing, including, without limitation, payments under all Licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof.

3. PROTECTION OF INTELLECTUAL PROPERTY BY GUARANTOR: Except as set forth below in this Section 3, Guarantor shall undertake the following with respect to each of the items respectively described in Sections 2(a), (b), (c), (d) and (e) (collectively, the “Intellectual Property”):

- (a) Pay all renewal fees and other fees and costs associated with maintaining the Intellectual Property and with the processing of the Intellectual Property and take all other reasonable and necessary steps to maintain each registration of the Intellectual Property.
- (b) Take all actions reasonably necessary to prevent any of the Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way.
- (c) At Guarantor’s sole cost, expense and risk, pursue the prompt, diligent processing of each

application for registration which is the subject of the security interest created herein and not abandon or delay any such efforts.

(d) At Guarantor's sole cost, expense and risk, take any and all action which Guarantor reasonably deems appropriate under the circumstances to protect the Intellectual Property from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions.

Notwithstanding the foregoing, so long as no Event of Default has occurred and is continuing, and no Material Adverse Effect would result therefrom, Guarantor shall not have an obligation to use or to maintain any Intellectual Property (i) that relates solely to any product, that has been discontinued, abandoned or terminated or (ii) that has been replaced with Intellectual Property substantially similar to the Intellectual Property that may be abandoned or otherwise become invalid, so long as the failure to use or maintain such Intellectual Property does not materially adversely affect the validity of such replacement Intellectual Property and so long as such replacement Intellectual Property is subject to the lien created by this Agreement.

4. **GUARANTOR'S REPRESENTATIONS AND WARRANTIES:** The Guarantor represents and warrants that:

(a) EXHIBIT A is a true, correct and complete list of all Copyrights and Copyright Licenses owned by Guarantor as of the date hereof.

(b) EXHIBIT B is a true, correct and complete list of all Patents and Patent Licenses owned by Guarantor as of the date hereof.

(c) EXHIBIT C is a true, correct and complete list of all Trademarks and Trademark Licenses owned by Guarantor as of the date hereof

(d) Except as set forth in EXHIBITS A, B and C, none of the Intellectual Property is the subject of any licensing or franchise agreement pursuant to which the Guarantor is the licensor or franchisor.

(e) All IP Collateral owned by Guarantor is, and shall remain, free and clear of all liens, encumbrances, or security interests in favor of any Person, other than claims and encumbrances as may be permitted by the Loan Agreement or by Lender in its sole and absolute discretion from time to time in writing.

(f) The Guarantor owns, or is licensed to use, all Intellectual Property necessary for the conduct of its business as currently conducted. No material claim has been asserted and is pending by any Person challenging or questioning the use by the Guarantor of any of its Intellectual Property or the validity or effectiveness of any of its Intellectual Property, nor does the Guarantor know of any valid basis for any such claim. To the knowledge of Guarantor, the

use by Guarantor of the Intellectual Property does not infringe the rights of any Person. No holding, decision or judgment has been rendered by any governmental authority which would limit, cancel or question the validity of, or Guarantor's rights in, any Intellectual Property in any respect that could reasonably be expected to have a Material Adverse Effect on the business or the property of Guarantor.

(g) Guarantor shall give Lender written notice (with reasonable detail) within ten (10) days following the occurrence of any of the following: (i) Guarantor's obtaining rights to, and filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any newly registered Intellectual Property, (ii) Guarantor's becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor, (iii) Guarantor's entering into any new Licenses, or (iv) Guarantor's knowing or having reason to know that any application or registration relating to any material Intellectual Property may become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal) regarding Guarantor's ownership of, or the validity of, any material Intellectual Property or Guarantor's right to register the same or to own and maintain the same.

5. AGREEMENT APPLIES TO FUTURE INTELLECTUAL PROPERTY:

(a) The provisions of this Agreement shall automatically apply to any such additional property or rights described in subsections (i), (ii) and (iii) of Section 4(g), above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of this Agreement.

(b) Upon the reasonable request of Lender, Guarantor shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as Lender may request to evidence Lender's security interest in any Copyright, Patent or Trademark and the goodwill and General Intangibles of Guarantor relating thereto or represented thereby (including, without limitation, filings with the PTO, the Copyright Office or any similar office), and Guarantor hereby constitute Lender as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; provided, however, Lender's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

6. GUARANTOR'S RIGHTS TO ENFORCE INTELLECTUAL PROPERTY: Prior to Lender's giving of notice to Guarantor following the occurrence and during the continuance of an Event of Default, Guarantor shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property including the right to seek injunctions and/or money damages, in an effort by Guarantor to protect the Intellectual Property against encroachment by third parties, provided, however: (a) Guarantor first provide Lender with written notice of Guarantor's intentions to so sue for enforcement of any Intellectual Property, (b) any money

damages awarded or received by Guarantor on account of such suit (or the threat of such suit) shall constitute IP Collateral, and (c) following the occurrence and during the continuance of any Event of Default, Lender, by notice to Guarantor, may terminate or limit Guarantor's rights under this Section 6.

7. **LENDER'S ACTIONS TO PROTECT INTELLECTUAL PROPERTY:** In the event of (a) Guarantor's failure, within five (5) days of written notice from Lender, to cure any failure by Guarantor to observe or perform any of Guarantor's covenants, agreements or other obligations hereunder; and/or (b) the occurrence and continuance of any other Event of Default, Lender, acting in its own name or in that of Guarantor, may (but shall not be required to) act in Guarantor's place and stead and/or in Lender's own right in connection therewith.

8. **RIGHTS UPON DEFAULT:** Upon the occurrence and during the continuance of any Event of Default, in addition to all of the other rights and remedies provided to Lender in the Loan Agreement with respect to the Collateral, Lender may exercise all rights and remedies of a secured party upon default under the Uniform Commercial Code with respect to the IP Collateral, in addition to which Lender may sell, license, assign, transfer, or otherwise dispose of the Intellectual Property. Any person may conclusively rely upon an affidavit of an officer of the Lender that an Event of Default has occurred and that Lender is authorized to exercise such rights and remedies.

9. **LENDER AS ATTORNEY IN FACT:**

(a) The Guarantor hereby irrevocably constitutes and designates Lender as and for Guarantor's attorney in fact, effective following the occurrence and during the continuance of any Event of Default: (i) to supplement and amend from time to time EXHIBITS A, B and C of this Agreement to include any new or additional Intellectual Property of Guarantor, (ii) to exercise any of the rights and powers referenced herein, (iii) to execute all such instruments, documents, and papers as Lender reasonably determines to be appropriate in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property.

(b) The within grant of a power of attorney, being coupled with an interest, shall be irrevocable until this Agreement is terminated.

(c) Lender shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 9(a), but if Lender elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to Guarantor for any act or omission to act except for any act or omission to act as to which there is a final determination made in a judicial proceeding (in which proceeding Lender has had an opportunity to be heard) which determination includes a specific finding that the subject act or omission to act had been grossly negligent or in actual bad faith.

10. LENDER'S RIGHTS: Any use by Lender of the Intellectual Property, as authorized hereunder in connection with the exercise of Lender's rights and remedies under this Agreement and under the Loan Agreement shall be coextensive with Lender's rights thereunder and with respect thereto and without any liability for royalties or other related charges. None of this Agreement, the Loan Agreement, or any act, omission, or circumstance taken or arising hereunder may be construed as directly or indirectly conveying to Lender any present right, title or interest in and to the Intellectual Property, which right, title and interest is effective only following the occurrence and during the continuance of any Event of Default. This Agreement shall terminate upon satisfaction in full of the Obligations under the Loan Agreement.

11. INTENT: This Agreement is being executed and delivered by the Guarantor for the purpose of registering and confirming the grant of the security interest of Lender in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of the security interest granted to Lender under the Loan Agreement. All provisions of the Loan Agreement shall apply to the IP Collateral. Lender shall have the same rights, remedies, powers, privileges and discretions with respect to the security interests created in the IP Collateral as in all other Collateral. In the event of a conflict between this Agreement and the Loan Agreement, the terms of this Agreement shall control with respect to the IP Collateral and the Loan Agreement with respect to all other Collateral.

12. CHOICE OF LAWS: It is intended that this Agreement take effect as a sealed instrument and that all rights and obligations hereunder, including matters of construction, validity, and performance, shall be governed by the laws of The Commonwealth of Massachusetts.
