## TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (“**Trademark Assignment**”), dated as of June 17, 2019, is made by IN-O-VATE TECHNOLOGIES, INC., a Florida corporation (“**Assignor**”), having a business address at 250 S. Central Blvd., Suite 207, Jupiter, Florida 33458, in favor of INOVATE ACQUISITION COMPANY, a Delaware corporation (“**Assignee**”).

WHEREAS, the Assignor desires to assign and transfer to the Assignee the Assigned Trademarks (as defined below) and the Assignor and the Assignee have agreed to execute and deliver this Trademark Assignment evidencing said assignment and transfer.

NOW THEREFORE, Assignor agrees as follows:

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor hereby irrevocably conveys, transfers, and assigns to the Assignee all of the Assignor’s right, title, and interest in and to the following: (a) the trademarks and service marks, trademark and service mark registrations, trademark and service mark applications, trade names, domain names, logos, and other designations set forth on Schedule 1 hereto, and all issuances, extensions, and renewals thereof (the “**Assigned Trademarks**”), together with the goodwill of the business connected with the use of, and symbolized by, all of the Assigned Trademarks, and the common law rights in or to any of the Assigned Trademarks; provided that, with respect to any United States intent-to-use trademark applications set forth on Schedule 1 hereto, the transfer of such applications accompanies the transfer of the Assignor’s business to which the trademark pertains, or that portion of the business to which the trademark pertains, and said business is ongoing and existing; (b) all rights of any kind whatsoever of the Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world; (c) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and (d) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

By virtue of this Trademark Assignment, all of the Assignor’s interests in the foregoing properties are to be owned by the Assignee, its successors and assigns, as fully and entirely as would have been held and enjoyed by the Assignor had this Trademark Assignment not been made.

The Assignor represents, warrants, covenants, and agrees that the Assignor has the full and unencumbered right to sell, assign, transfer, and convey the interests herein sold, assigned, transferred, and conveyed, and that the Assignor has not executed and will not execute any document or instrument in conflict herewith.

This Trademark Assignment is subject to the terms and conditions set forth in the Purchase Agreement and nothing in this Trademark Assignment shall be deemed to amend,

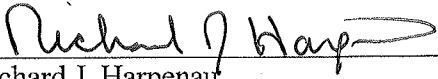

modify, expand or diminish the representations, warranties, covenants, rights and obligations of the parties under the Purchase Agreement.

The Assignor hereby authorizes the Commissioner for Trademarks in the United States Patent and Trademark Office to record and register this Trademark Assignment upon request by Assignee. This Trademark Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

**[SIGNATURE PAGE FOLLOWS]**

IN WITNESS WHEREOF, the Assignor has duly executed and delivered this Trademark Assignment as of the date first written above.

IN-O-VATE TECHNOLOGIES, INC.
