INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "Assignment") is entered into as of July 1, 2019 (the "Effective Date"), by and between Finex Cast Iron Works, Inc. (the "Assignor") and Lodge Manufacturing Company ("Assignee").

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement, entered into as of July 1, 2019 (the "Agreement"), pursuant to which Assignee agrees to purchase certain assets from Assignor, including without limitation, all of Assignor's right, title and interest in and to the Acquired Intellectual Property (as defined herein); and

WHEREAS, in connection with the Agreement, the parties desire to enter into this Assignment for the purpose of assigning to Assignee all of Assignor's rights, title, and interest in the Acquired Intellectual Property and all goodwill related to and/or symbolized by such Acquired Intellectual Property.

NOW, THEREFORE, in consideration of the foregoing premises and mutual promises contained herein, and other good and valuable consideration (including without limitation, in the Agreement), the receipt and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignor hereby irrevocably, assigns, conveys, transfers, delivers, and sets over absolutely to Assignee, and Assignee hereby accepts from Assignor, all worldwide right, title and interest in and to the following (collectively, the "Acquired Intellectual Property"), the same to be held and enjoyed by Assignee, its successors, and assigns as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made:

- (a) the trademarks and applications, registrations, and renewals thereof set forth on Schedule A, attached hereto, together with the goodwill of the business associated with the foregoing (collectively, the "Marks");
- (b) the issued patents and patent applications set forth on Schedule B, attached hereto (collectively, the "Patents");
- (c) the internet domain names set forth on Schedule C, attached hereto, together with the goodwill of the business associated with the foregoing (collectively, the "Domain Names");
- (d) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;
- (e) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and
- (f) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. From time to time after the Effective Date of this Assignment, Assignor agrees to assist Assignee and its successors and assigns, upon Assignee's request, to evidence, record and perfect the assignment in Section 1 hereof and to secure, enforce, maintain, and defend the assigned rights. Assignor agrees that it will not be entitled to any additional compensation for performing any of the obligations in this Section 2, but Assignee shall reimburse Assignor for any actual expenses incurred in performing such obligations. In the event Assignee is unable for any reason to secure the signature of a duly designated authorized officer of Assignor to any document that Assignee reasonably requests Assignor to execute under this Section 2, Assignor hereby irrevocably designates and appoints

Assignee and Assignee's duly designated authorized officers and agents as the Assignor's agents and attorneys-in-fact, coupled with an interest and with full power of substitution, to act for and on the Assignor's behalf and instead of the Assignor, to execute and file any such document or documents and to do all other lawfully permitted acts to further the purposes of the foregoing with the same legal force and effect as if executed by the Assignor.

3. If any term, provision, covenant or condition of this Assignment, or the application thereof to any person, place or circumstance, shall be held by a court of competent jurisdiction to be invalid, unenforceable or void, such provision shall be modified as necessary and the remainder of this Assignment and such term, provision, covenant or condition as applied to other persons, places and circumstances shall remain in full force and effect. This Assignment (together with the Agreement and any other agreements incorporated therein) constitutes the entire agreement of the parties and supersedes all prior and contemporaneous agreements and understandings, both written and oral, between the parties, or either of them, with respect to the subject matter hereof. This Assignment may be amended, modified or supplemented only by a written agreement signed by Assignor and Assignee.

4. This Assignment is absolute, exclusive, and irrevocable.

5. This Assignment, and any claims that arise out of or result from this Assignment, will be governed by and construed under the laws of the State of Oregon without regard to any conflicts of laws principles that would require the application of any other law.

6. This Assignment may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Assignment and all of which, when taken together, will be deemed to constitute one and the same agreement. The exchange of copies of this Assignment and of signature pages by facsimile, or by .pdf or similar imaging transmission, will constitute effective execution and delivery of this Assignment as to the parties and may be used in lieu of the original Assignment for all purposes.
