Re: Certificate of Merger of New York Blood Center, Inc. and Rhode Island Blood Center, Inc. into New York Blood Center, Inc.

Ms. Gross:

The above referenced Certificate of Merger signed by Christopher Hillyer, M.D. and dated March 5, 2019 does not require the formal approval of the Public Health and Health Planning Council or the Commissioner of Health under either the Public Health Law or the Not-for-Profit Corporation Law because New York Blood Center, Inc., the surviving corporation, was not formed with any purpose for which the consent of the Public Health and Health Planning Council or the Commissioner of Health is required; paragraph SEVENTH of the Certificate of Amendment to the Certificate of Incorporation of New York Blood Center, Inc. dated January 4, 2014 specifically states that the corporation will not conduct activities that require the consent of the Public Health and Health Planning Council or the Commissioner of Health; and lastly, said Certificate of Merger clearly states that the Certificate of Incorporation of the surviving corporation, New York Blood Center, Inc., will not change as a result of the merger.

In short, due to the above and because the above-referenced Certificate of Merger does not add, change, or delete a purpose from the surviving corporation's Certificate of Incorporation, the approval of the Public Health and Health Planning Council or the Commissioner of Health is not required.

There is no legal objection to the above-referenced Certificate of Merger being filed with the New York State Department of State.

Sincerely,

Mark A. Schweitzer, Senior Attorney  
Bureau of Health Facility Planning and  
Development, Division of Legal Affairs
