TERM LOAN INTELLECTUAL PROPERTY SECURITY AGREEMENT

This TERM LOAN INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of August 5, 2019 (as amended, supplemented or otherwise modified from time to time, the “IP Security Agreement”), is made by each of the signatories hereto (collectively, the “Grantors”) in favor of JPMorgan Chase Bank, N.A., as administrative agent (in such capacity, the “Administrative Agent”) for the Secured Parties (as defined in the Guarantee and Collateral Agreement referred to below).

WHEREAS, Rent-A-Center, Inc., a Delaware corporation (the “Borrower”) has entered into the ABL Credit Agreement, dated as of August 5, 2019 (as amended, supplemented or otherwise modified from time to time, the “Credit Agreement”), among the Borrower, the several banks and other financial institutions or entities from time to time parties thereto (the “Lenders”), certain other parties and the Administrative Agent;

WHEREAS, in connection with the Credit Agreement the Grantors have entered into the ABL Guarantee and Collateral Agreement, dated as of August 5, 2019 in favor of the Administrative Agent for the benefit of the Secured Parties (as amended, supplemented or otherwise modified from time to time, the “Guarantee and Collateral Agreement”); and

WHEREAS, under the terms of the Guarantee and Collateral Agreement, the Grantors have granted a security interest in certain property, including, without limitation, certain Intellectual Property of the Grantors to the Administrative Agent for the ratable benefit of the Secured Parties.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this IP Security Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Credit Agreement or the Guarantee and Collateral Agreement, as applicable.

SECTION 2. Grant of Security. Each Grantor hereby pledges and grants to the Administrative Agent for the ratable benefit of the Secured Parties a continuing security interest in and to all of such Grantor’s right, title and interest in the Copyrights, Patents and Trademarks (other than “intent-to-use” trademarks and services marks to the extent constituting Excluded Assets) listed on Schedule A (including, for the avoidance of doubt, all of such Grantor’s right to (i) sue for past, present, and future infringement of any of the foregoing, and (ii) any income, royalties, damages, and payments now or hereafter due or payable under any of the foregoing), as applicable, as collateral security for the payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of such Grantor’s Obligations.

SECTION 3. Recordation. This IP Security Agreement has been executed and delivered by Grantor for the purpose of recording the grant of security interest herein with the United States Copyright Office and/or the United States Patent and Trademark Office, as applicable. Each Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents, and/or the Commissioner for Trademarks, as applicable record this IP Security Agreement

SECTION 4. Termination and Release. Upon the release or termination of the Administrative Agent’s security interest in any Collateral listed on Schedule A as set forth under the Credit Agreement or Guarantee and Collateral Agreement (“Released Collateral”), the security interest granted under this IP Agreement with respect to such Released Collateral shall automatically and immediately

terminate and be released, and the Administrative Agent shall, upon request by any Grantor or any of their respective affiliates or successors-in-interest at such Grantor's expense, promptly execute, acknowledge, and deliver a written instrument to be recorded with the United States Patent and Trademark Office or the United States Copyright Office, as applicable, fully releasing its security interest with respect to such Released Collateral.

SECTION 5. Execution in Counterparts. This IP Security Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this IP Security Agreement by telecopy or electronic transmission shall be effective as delivery of a manually executed counterpart of this IP Security Agreement.

SECTION 6. Governing Law. This IP Security Agreement shall be construed in accordance with and governed by the law of the State of New York.

SECTION 7. Conflict Provision. This IP Security Agreement has been entered into in conjunction with the provisions of the Guarantee and Collateral Agreement and the Credit Agreement. The rights and remedies of each party hereto with respect to the security interest granted herein are more fully set forth in the Guarantee and Collateral Agreement and the Credit Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this IP Security Agreement are in conflict with the Guarantee and Collateral Agreement or the Credit Agreement, the provisions of the Guarantee and Collateral Agreement or the Credit Agreement, as applicable, shall govern.
