D. Grantor has duly authorized the execution, delivery and performance of this Agreement.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged), and in order to induce Lenders to extend credit to Grantor pursuant to the Credit Agreement, Grantor agrees, for the benefit of Administrative Agent, as follows:

Section 1. Definitions. Unless the context otherwise requires, each capitalized term used but not otherwise defined herein has the meaning ascribed thereto in the Credit Agreement.

Section 2. Grant of Security Interest. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, to secure the prompt payment and performance when due of all of the Obligations, Grantor does hereby mortgage, pledge and hypothecate to Administrative Agent,

and grant a security interest and lien to Administrative Agent in and to (and hereby reaffirms any prior mortgage, pledge and hypothecation to Administrative Agent of, and any prior grant of a security interest and lien to Administrative Agent in and to), all of the following, whether now owned or hereafter acquired or existing (collectively, the "*Trademark Collateral*"):

(a) all trademarks and trademark applications, including, without limitation, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, certification marks, collective marks, logos, other source of business identifiers, prints and labels on which any of the foregoing have appeared or appear, and designs, general intangibles of a like nature and those trademarks listed on Schedule A attached hereto and the goodwill associated therewith, and (i) all income, royalties, damages, and payments now or hereafter due and/or payable under or with respect to any of the foregoing, including, without limitation, damages and payments for past, present and future infringements of any of the foregoing, and (ii) the right to sue for past, present and future infringements of any of the foregoing (all of the foregoing are sometimes hereinafter individually and/or collectively referred to as the "*Trademarks*"); and

(b) all rights under or interest in any trademark license agreements with any other party, other than the CQ License Agreement, whether Grantor is a licensee or licensor under any such license agreement (to the extent permitted thereunder), including, without limitation, those license agreements listed on Schedule A attached hereto (all of the foregoing are hereinafter referred to collectively as the "*Trademark Licenses*"); and

(c) all income, royalties and proceeds at any time due or payable to Grantor or asserted for the benefit of Grantor under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

Section 3. New Trademarks. If, before the Obligations (other than unasserted contingent indemnity obligations) shall have been satisfied in full, Grantor shall obtain rights to any new Trademarks or Trademark Licenses, the provisions of Section 2 shall automatically apply thereto and Grantor shall give to Administrative Agent prompt notice in writing of any such Trademarks or Trademark Licenses for which Grantor has sought or plans to seek federal registration or for which Grantor obtained federal registration. Grantor authorizes Administrative Agent to modify this Agreement by amending Schedule A to include any future Trademarks and any future Trademark Licenses.

Section 4. Attorney-In-Fact. Grantor hereby irrevocably designates, constitutes and appoints Administrative Agent (and all Persons designated by Administrative Agent in its sole and absolute discretion) as Grantor's true and lawful attorney-in-fact, and authorizes Administrative Agent and any of Administrative Agent's designees, in Grantor's or Administrative Agent's name, to take any action and execute any instrument which Administrative Agent may deem necessary or advisable to accomplish the purposes of this Agreement, including, without limitation, from and after the occurrence of an Event of Default and the giving by Administrative Agent of notice to Grantor of Administrative Agent's intention to enforce its rights and claims against Grantor, to (i) endorse Grantor's name on all applications, documents, papers and instruments necessary or desirable for Administrative Agent in the use of the Trademarks or the Trademark Licenses, (ii) assign, pledge, convey or otherwise transfer title in or dispose of any of the Trademark Collateral to anyone on commercially reasonable terms, (iii) grant or issue any

exclusive or nonexclusive license under the Trademarks or, to the extent permitted, under the Trademark Licenses, to anyone on commercially reasonable terms, and (iv) take any other actions with respect to the Trademarks or the Trademark Licenses as Administrative Agent reasonably deems in the best interests of Lending Parties. Grantor hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney is coupled with an interest and shall be irrevocable until all of the Obligations (other than unasserted contingent indemnity obligations) shall have been paid in full in cash. Grantor acknowledges and agrees that this Agreement is not intended to limit or restrict in any way the rights and remedies of Administrative Agent under the Credit Agreement or the other Loan Documents, but rather is intended to facilitate the exercise of such rights and remedies.

Grantor agrees that upon occurrence of an Event of Default, the use by Administrative Agent of all or any Trademark Collateral in the exercise of remedies provided for in this Agreement, the Credit Agreement or the Uniform Commercial Code shall be without any liability for royalties or other related charges from Administrative Agent to Grantor but shall remain subject to liability for third party royalties and other related charges, if any, provided for in Trademark Licenses applicable to such use, which shall be for the sole account of Grantor.

Section 5. Duties of Grantor. Grantor shall have the duty diligently (as may be commercially reasonable), through counsel reasonably acceptable to Administrative Agent, to prosecute any trademark application of the Trademarks pending as of the date of this Agreement or thereafter until the Obligations shall have been paid in full, to file federal application on registerable but unregistered material Trademarks, and to do any and all acts worldwide that are reasonably necessary or desirable to preserve and maintain all rights in the Trademarks. Any expenses incurred in connection with the Trademark Collateral shall be borne by Grantor. Grantor shall not abandon any Trademark Collateral without the consent of Administrative Agent, which consent shall not be unreasonably withheld.

Section 6. Administrative Agent's Right to Sue. Grantor shall have the right, with the prior written consent of Administrative Agent, which will not be unreasonably withheld, to bring any opposition proceedings, cancellation proceedings, or lawsuit in its own name to enforce or protect the Trademarks, in which event Administrative Agent may, if necessary, be joined as a nominal party to such suit if Administrative Agent shall have been satisfied that it is not thereby incurring any risk of liability because of such joinder. Grantor hereby agrees that, notwithstanding anything to the contrary contained herein or in the Credit Agreement, as between Grantor and Administrative Agent, Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with all or any of the Trademark Collateral. Grantor shall promptly, upon demand and to the extent provided for in Section 11.04 of the Credit Agreement, reimburse and indemnify Administrative Agent for all damages, and reasonable costs and expenses, including reasonable attorneys' fees, incurred by Administrative Agent in the fulfillment of the provisions of this **Section 6**.

Section 7. Administrative Agent's Right to Act. Subject to the terms of the Credit Agreement, if Grantor fails to comply with any of its obligations hereunder, Administrative Agent may (but shall not be obligated) do so in Grantor's name or in Administrative Agent's name, but at Grantor's expense, and Grantor hereby agrees to reimburse Administrative Agent in full for all expenses, including, without limitation, attorney's fees, reasonably incurred by Administrative Agent in protecting, defending, and maintaining the Trademark Collateral.

Section 8. Security Agreement. This Agreement has been executed and delivered by Grantor for the purpose of registering the security interest of Administrative Agent in the Trademark Collateral with the United States Patent and Trademark Office and corresponding offices in other countries of the world. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interest granted to Administrative Agent under the Security Agreement. The Security Agreement (and all rights and remedies of Administrative Agent and each Lending Party thereunder) shall remain in full force and effect in accordance with its terms and are incorporated herein by this reference.

Section 9. Release of Security Interest. Upon payment in full in cash of all Obligations (other than unasserted indemnity obligations), Administrative Agent shall, at Grantor's expense, execute and deliver to Grantor all instruments and other documents as may be reasonably necessary to release the lien on and security interest in the Trademark Collateral that has been granted hereunder.

Section 10. Acknowledgment. Grantor does hereby further acknowledge and affirm that the rights and remedies of Administrative Agent with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Credit Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated herein by this reference.

Section 11. Loan Document. This Agreement is a Loan Document executed pursuant to the Credit Agreement and shall (unless otherwise expressly indicated herein) be construed, administered and applied in accordance with the terms and provisions of the Credit Agreement.

Section 12. Counterparts. This Agreement may be executed by the parties hereto in several counterparts, each of which shall be deemed to be an original and all of which shall constitute together but one and the same agreement. Grantor acknowledges that this Agreement is and shall be effective upon its execution and delivery by the parties hereto.
