ASSIGNMENT OF INTANGIBLE PROPERTY

This ASSIGNMENT OF INTANGIBLE PROPERTY (this "Assignment"), dated as of June 1, 2016, is made by and between CHEVRON INTELLECTUAL PROPERTY LLC, a Delaware limited liability company ("Assignor") located at 6001 Bollinger Canyon Road, San Ramon, California 94583, U.S.A and FUCHS LUBRICANTS CO., a Delaware corporation ("Assignee") located at 17050 Lathrop Avenue, Harvey, Illinois 60426, U.S.A.

RECITALS

A. As of the date hereof, Assignee is acquiring certain assets pursuant to an Asset Sale and Purchase Agreement, dated March 18, 2016 (as amended, the "Purchase Agreement"). Included within the scope of the assets acquired is the Intangible Property defined below. Capitalized terms not defined in this Agreement shall have the meanings ascribed to them in the Purchase Agreement.

B. The execution and delivery of this Agreement is a condition precedent to the obligation of each Party to close the transactions contemplated by the Purchase Agreement.

NOW, THEREFORE, pursuant to and in accordance with the terms and provisions of the Purchase Agreement, and in consideration for one hundred dollars (\$100.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Assignment of Intangible Property. Upon the terms and subject to the conditions of the Purchase Agreement, Assignor hereby sells, transfers, grants, conveys and assigns to Assignee, and Buyer hereby purchases, accepts, receives and pays for, all right, title and interest of Seller and its Affiliates in and to the Patents, the Trademarks, the product formulations for the Products and all other Intangible Property related to the Products solely with respect to the Products. Without limitation of the foregoing, Assignor hereby further sells, assigns, transfers, conveys and delivers to Assignee Assignor's entire right, title and interest in and to: (a) the Patents identified on Exhibit A; (b) the Trademarks identified on Exhibit A and the goodwill associated therewith; (c) all applications and registrations for the foregoing, including the right to apply therefore, and any and all renewals and extensions thereof that may be secured under all laws now or hereafter in force; and, (d) all claims, causes of action and damages by reason of infringement, misappropriation or violation of rights related to any of the foregoing Intangible Property (including the right to sue for, and to collect damages arising from, past, present or future infringement, misappropriation or violation of rights related to any of the foregoing Intangible Property); all for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors and assigns, for the full term and to the full extent of all such rights, and in all countries throughout the world wherein Assignor owns, possesses, or controls such rights. To the extent any applicable law or treaty prohibits the transfer or assignment of any moral rights or rights of restraint Assignor has in the foregoing Intangible Property transferred herein to Assignee, Assignor hereby waives those rights as to Assignee, and Assignee's licensees, successors and assigns. Notwithstanding the inclusion of any item or category of items described on Exhibit A, except as specifically set forth in the Purchase Agreement Assignor makes no representation or warranty with respect to the use or existence of any such item(s) in the Business (as such term is defined in the Purchase Agreement).

2. Successors and Assigns; No Third Party Beneficiaries. This Assignment shall be binding upon and inure to the benefit of Assignor, Assignee and their respective successors and permitted assigns, including any successor by way of merger, consolidation or acquisition of all or substantially all of the assets of a Party. This Assignment shall not benefit or create any right or cause of action in or on behalf of any third party other than the Parties and their respective successors and permitted assigns. - -

3. Further Assurances. At any time and from time to time following the Closing, as and when requested by any party and without further consideration, each party shall execute and deliver, or cause to be executed and delivered, such other documents and instruments and shall take, or cause to be taken, such further or other actions as the other party may reasonably request or as otherwise may be necessary or desirable to evidence and effectuate the consummation of the transactions contemplated by the Purchase Agreement.

4. Governing Law. This Assignment shall be governed by, and construed in accordance with, the substantive laws of the State of Delaware, without regard to any choice of law or conflict of law rules.

5. Counterparts. This Assignment may be executed in any number of original or facsimile counterparts, each of which shall constitute an original instrument, but all of which together shall constitute one and the same agreement.

6. Relationship to Purchase Agreement. This Assignment is executed and delivered pursuant to, is in furtherance of, and is subject to the terms and conditions of the Purchase Agreement. In the event of any conflict between the terms of the Purchase Agreement and the terms of this Assignment, the terms of the Purchase Agreement shall prevail. Nothing contained in this Assignment shall be deemed to alter, modify, expand or diminish the terms or provisions of the Purchase Agreement.
