TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT, dated as of October 22, 2019 (this "Agreement"), is made by Breathe Easy Insurance Solutions, LLC, a California limited liability company with a place of business located at 22932 El Toro Road, Lake Forest, CA 92630, and Comparative Services Technology, LLC, a Wyoming limited liability company with a place of business at 11035 Aurora Avenue, Urbandale, IA 50322 (each, a "Grantor" and collectively, the "Grantors") in favor of Ares Capital Corporation, a Maryland corporation with a place of business at 245 Park Avenue, 44th Floor, New York, NY 10167 as administrative agent and collateral agent for the Secured Parties (in such capacities and together with its successors and assigns in such capacities, the "Administrative Agent").

WHEREAS, the Grantors entered into a Guarantee and Collateral Agreement dated as of March 1, 2017 (as amended, restated, supplemented or otherwise modified from time to time, including pursuant to that certain Supplement No. 1, dated as of the date hereof, pursuant to which the Grantors became party thereto, the "Collateral Agreement"; capitalized terms used but not defined herein shall have the meaning ascribed to such terms in the Collateral Agreement), among the Grantors and each of the other grantors from time to time party thereto and the Administrative Agent, pursuant to which the Grantors granted to the Administrative Agent, for the benefit of the Secured Parties, a security interest in the Trademark Collateral (as defined below); and

WHEREAS, pursuant to the Collateral Agreement, the Grantors agreed to execute and deliver this Agreement, in order to record the security interest granted to the Administrative Agent for the benefit of the Secured Parties with the United States Patent and Trademark Office.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each Grantor hereby agrees with the Agent as follows:

SECTION 1. Grant of Security Interest. Each Grantor hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a security interest in the U.S. federal trademark registrations and applications set forth on Schedule A hereto, including all goodwill associated therewith and symbolized thereby and all proceeds and products thereof and all rights to sue for past, present and future infringements or other violations thereof (collectively, the "Trademark Collateral"). Notwithstanding the foregoing, no Lien or security interest shall be deemed granted on or in any "intent to use" trademark applications for which a statement of use has not been filed and accepted with the U.S. Patent and Trademark Office.

Security Agreement. The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Administrative Agent for the Secured Parties pursuant to the Collateral Agreement, and each Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Collateral Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the Collateral Agreement, the provisions of the Collateral Agreement shall control.

Recordation. Each Grantor authorizes and requests that the Director of the United States Patent and Trademark Office and any other applicable government officer record this Agreement.

Governing Law. This Agreement and the rights and obligations of the parties hereunder and all claims and controversies arising out of the subject matter hereof shall be governed by the laws of the State of New York, without regard to its conflicts of law provisions.

Counterparts. This Agreement may be executed in one or more counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument.
