Assignment of Intellectual Property Rights

This Assignment of Intellectual Property Rights (this “Assignment”) is made and entered into as of August 9, 2019 by and among: (i) HIGHLINE INDUSTRIES CORPORATION., a Delaware corporation (“Buyer”), (ii) CHOMP, INC., a California corporation (formerly Skateboard World Industries, Inc.) (“Chomp”) (iii) DWINDLE INC., a California corporation (“Dwindle”) and (iv) GLOBE INTERNATIONAL LTD., a company limited by shares incorporated under the laws of Australia (“Globe”) and together with the Chomp and Dwindle, each an “Assignor” and collectively, the “Assignors”).

WHEREAS, Buyer, Chomp, Dwindle, and Osata Enterprises, Inc., a California corporation (“Osata” and collectively with Chomp and Dwindle, the “Sellers”) have entered into that certain Asset Purchase Agreement, dated on or about the date hereof (the “Agreement”);

WHEREAS, Globe is an affiliate of Sellers, and

WHEREAS, under the terms of the Agreement, the Sellers, whose businesses are ongoing and existing, have agreed to, among other things, assign to Buyer all of Assignors’ right, title and interest in and to the Seller Intellectual Property (other than Seller Intellectual Property that is an Excluded Asset) (as such terms are defined in the Agreement), including without limitation the intellectual property rights set forth on Schedule A to this Assignment.

NOW, THEREFORE, intending to be legally bound and in consideration of the mutual provisions set forth in this Assignment and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Capitalized terms used, but not otherwise defined, herein shall have the meanings ascribed to such terms in the Agreement.
2. Assignors do hereby convey, transfer, assign and deliver absolutely and forever to Buyer all of Assignors’ right, title and interest in and to the Seller Intellectual Property other than Seller Intellectual Property that is an Excluded Asset (collectively, the “Assigned IP”), including without limitation (i) the intellectual property rights set forth on Schedule A, (ii) any and all registered Assigned IP and previously filed applications for registration for Assigned IP, (iii) the right to apply for new registrations for the Assigned IP, (iv) the right to prosecute, maintain, enforce, use and otherwise exploit the Assigned IP, (v) all income, royalties, damages, and payments hereafter due or payable to Assignors with respect to the Assigned IP, including without limitation the right to sue for past, present or future infringement, misappropriation or dilution of any of the Assigned IP, (vi) all goodwill of the Business associated with the Assigned IP, and (vii) all rights in and under the Assigned IP to the fullest extent allowed by law as fully as Assignors would have held the same in the absence of this Assignment.
3. Assignors hereby request the Commissioner of Patents and Trademarks, and any other applicable governmental entity or registrar (including any applicable foreign or international office or registrar), to record Buyer as the owner of the patents, trademarks, copyrights, or other Assigned IP (as applicable) transferred to Buyer hereunder, and to issue any and all patents, trademarks, copyrights or other Assigned IP (as applicable) transferred to Buyer hereunder to Buyer, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Buyer, its successors, assigns or other legal representatives. Assignors hereby covenant and agree that, at any time and from time to time forthwith upon the written request of Buyer, Assignors shall (i) use commercially reasonable efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper or advisable to consummate and make effective the transactions contemplated by this Assignment, (ii) execute any documents, deeds, assignments (including short-form assignment agreements for purposes of recordation),

transfers, assurances, instruments or conveyances of any kind which may be reasonably necessary or advisable to convey, transfer, assign and deliver unto and vest in Buyer title to all of Assignors' right in and to the Assigned IP, and (iii) cooperate with Buyer in connection with the foregoing. If an Assignor does not respond to Buyer's reasonable request for signature to any document required to file, prosecute, register or memorialize the assignment of any rights under any Assigned IP as provided under this Assignment within 14 days after receipt of such request, such Assignor hereby irrevocably designates and appoints Buyer and Buyer's duly authorized officers and agents as such Assignor's agents and attorneys-in-fact to act for and on such Assignor's behalf and instead of such Assignor to take all lawfully permitted acts to further the filing, prosecution, registration, memorialization of assignment, issuance and enforcement of rights under such Assigned IP, all with the same legal force and effect as if executed by such Assignor. The foregoing is deemed a power coupled with an interest and is irrevocable.

4. This Assignment is subject in all respects to the terms and conditions of the Agreement and is intended only to document the assignment of the Assigned IP under the Agreement. Nothing contained in this Assignment shall be deemed to supersede any of the limitations, obligations, agreements, representations, covenants or warranties of Sellers and Buyer contained in the Agreement.

5. This Assignment (and any claim or controversy arising out of or relating to this Assignment) shall be governed by the law of the State of Delaware without regard to conflict of law principles that would result in the application of any law other than the law of the State of Delaware.

6. This Assignment may be executed in one or more counterparts, each of which when executed shall be deemed an original and all of which together shall constitute one and the same instrument. The parties agree that this Assignment shall be legally binding upon the electronic transmission, including by facsimile or email, by each party of a signed signature page to this Assignment to the other party.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be duly executed on their respective behalf, by their respective officers thereunto duly authorized, all as of the day and year first above written.

[Remainder of page intentionally left blank.]

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 8th day of August, 2019.
