## WORLDWIDE ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

This worldwide assignment of intellectual property rights (“Assignment”) is entered into as of the date of the last signature below (“Effective Date”), by and between Goode, Inc., a Nevada corporation with a place of business at 8001 Capwell Drive, Oakland, California 94621, United States of America (“Assignor”), and LifeSeasons, Inc., a Delaware corporation with a place of business at 708 Valley Ridge Circle, Suite #3, Lewisville, Texas 75057, United States of America (“Assignee”) (each a “Party,” and collectively, the “Parties”).

### BACKGROUND

- A. Assignor owns common law and registered intellectual property rights in various trademarks, service marks, trade names, copyrights, trade secrets, patentable inventions, domain names, social media profiles/handles, and other forms of intellectual property, including without limitation, the intellectual property assets and filings detailed on Appendix A (collectively, these filed and unfiled intellectual property rights shall be referred to as the “IP”); and
- B. Assignee desires to acquire the IP and Assignor desires to assign the same to Assignee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Incorporation. The Parties agree that the above recitals are incorporated in full into this Assignment.
2. Assignment. Assignor does hereby sell, assign, and transfer to Assignee all worldwide rights, title, and interest in and to all IP currently owned by Assignor, and the goodwill and common law rights appurtenant thereto, and the portion of the business associated therewith, along with the right to recover for damages and profits for any past, present, and future infringements thereof, and Assignee does hereby accept this assignment.
3. Warranty. Assignor hereby warrants that it has not pledged, mortgaged, assigned, transferred, or otherwise granted any rights or interests in the IP to any third party.
4. Further Acts. Assignor agrees to execute all instruments and documents and do such additional acts as Assignee may deem necessary or desirable to effect, evidence, record, and perfect the assignment and recordation of the rights being assigned hereunder. If Assignee is unable for any reason whatsoever to secure Assignor’s signature to any document it is entitled to under this Assignment, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents, as its attorneys-in-fact, with full power of substitution to act for and on their behalf and instead of Assignor to execute and file any such document or documents and to do all other lawfully permitted acts to further the purposes of this Assignment with the same legal force and effect as if executed by Assignor.
5. Miscellaneous. The scope of this Assignment is worldwide in effect. The Parties may execute this Assignment in counterparts, each of which together shall be deemed the complete and fully executed agreement. This Assignment shall inure to the benefit of and be binding upon Assignee and Assignor and their respective heirs, successors, and assigns.
