WORLDWIDE OMNIBUS INTELLECTUAL PROPERTY ASSIGNMENT

This Worldwide Omnibus Intellectual Property Assignment (this “**Assignment**”) is effective as of November 22, 2019 (the “**Effective Date**”) and is by and among, on the one hand, **A.C. Moore Incorporated**, a corporation organized under the laws of the Commonwealth of Virginia (“**ACM**”), **A.C. Moore Urban Renewal, LLC**, a New Jersey limited liability company (“**ACU**”) and **A.C. Moore Arts & Crafts, Inc.**, a corporation organized under the laws of the Commonwealth of Pennsylvania (“**A&C**”) and, together with ACM and ACU, the “**Assignors**” or “**Sellers**”) and on the other hand, Michaels Stores Procurement Company, Inc., a corporation organized under the laws of the state of Delaware (the “**Assignee**” or “**Buyer**”).

WHEREAS, Assignors and Assignees are parties to that certain Asset Purchase Agreement, dated as of even date herewith (the “**APA**”) pursuant to which, subject to the terms and conditions therein, Sellers agreed to sell to Buyer and Buyer agreed to purchase from Sellers the Purchased Assets (as defined in the APA), and Sellers agreed to assign to Buyer all of Sellers’ rights, title and interest in and to, arising out of and associated with all of the Intellectual Property (as defined in the APA) relating to, used or held for use in connection with or necessary for the operation of, the Business (as defined in the APA);

WHEREAS, Assignors represent and warrant that they are the owners of the Intellectual Property assets set forth on the “**Schedule A**” and “**Schedule B**” attached hereto;

WHEREAS, Assignors desire to transfer and assign to Assignee exclusive ownership of all Intellectual Property owned by Assignors, free and clear of all liens, claims and encumbrances (other than Permitted Encumbrances, as defined in the APA), including, but not limited to: (i) all names, marks, trademarks, service marks, trade names, trade dress, logos, social media accounts and handles, or other corporate designations, including common law trademarks and service marks, and any related registrations and pending applications therefor, including, but not limited to, those listed on the attached **Schedule A**, together with the goodwill of the business symbolized thereby and associated therewith throughout the world (collectively, the “**Marks**”); and (ii) the domain names and subdomains identified on **Schedule B** attached hereto and made a part hereof (collectively, the “**Domain Names**”).

WHEREAS, Assignee desires to acquire all of Assignors’ ownership, rights, title and interest in and to the Intellectual Property, including, but not limited to, the Marks and Domain Names identified on **Schedule A** and **Schedule B** attached hereto and the goodwill associated therewith, all as more specifically set forth herein, Assignee being a successor to the business of Assignors to which the Marks pertain and which business is ongoing and existing;

NOW, THEREFORE, for good and valuable consideration, as set forth in the APA, the receipt and sufficiency of which are hereby acknowledged, accepted and confirmed, the parties hereto agree as follows:

1. Assignors hereby irrevocably sell, assign, transfer and convey to Assignee, its successors and assigns, without reservation of right, title or interest, and free and clear of all liens, claims and encumbrances, the entire ownership, right, title and interest of Assignors, throughout the world, in and to all the Intellectual Property, including, but not limited to, (i) all of the Marks, including, but not limited to, the related applications and registrations therefor, as set forth on the

attached **Schedule A**, together with the goodwill of Assignors' business associated therewith, appurtenant thereto, and symbolized thereby, and the business to which the Marks pertain; and (ii) the Domain Names, along with all renewals, reissuances and extensions of rights thereof; together with, in each instance, all worldwide rights to income, royalties, and license fees deriving from the Intellectual Property, including, the Marks and Domain Names, all claims for damages by reason of past, present and future violation, infringement, unfair competition, dilution or misappropriation of the Intellectual Property, or injury to the goodwill associated with the Intellectual Property, and the right to sue for and collect such damages and payments now or hereafter due or payable, as permitted under the applicable laws for any jurisdiction or country in which such claims may be asserted, for the use and benefit of Assignee and its successors, assigns and other legal representatives, the same to be held and enjoyed by Assignee, for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, subsidiaries, and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignors if this Assignment had not been made.

2. Following the execution of this Assignment, and at Assignee's reasonable request, Assignors shall take all reasonable steps necessary to effect the transfer of all the Intellectual Property to Assignee, without further consideration or remuneration from Assignee. Specifically, with respect to the Domain Names and social media accounts and handles identified in **Schedules A and B**, Assignors shall provide Assignee with all transfer authorization codes and other information necessary for Assignee to acquire, access and fully control the Domain Names and social media accounts and handles. With respect to the Marks, at Assignee's reasonable request, Assignors shall timely execute and deliver to Assignee any additional consents and further assignment documents that may be required to give full effect to this Assignment without further consideration or remuneration from Assignee. In the event that any of the Marks come due for any maintenance filings, renewals or other filings necessary to maintain the Marks prior to the filing and/or recordation of this Assignment (or any further assignment documents that may be required to be filed to effect the transfer of the Marks to Assignee), Assignors shall reasonably cooperate with Assignee's requests to maintain and enforce all applications and registrations and other filings worldwide, including, but not limited to, the execution of further documents, declarations or affidavits. All recordations and filings of this Assignment and any other assignments hereunder shall be made at Assignee's expense. In the event that any of the Domain Names come due for any renewals prior to the transfer of such Domain Names to Assignee, Assignors shall reasonably cooperate with Assignee's requests to renew such Domain Names to ensure that they do not fall into the public domain.

3. This Assignment, together with the APA (and all exhibits thereto) entered into between the parties simultaneously herewith, embodies the entire agreement between the parties hereto with respect to the subject matter hereof, and supersedes all prior or contemporaneous negotiations, representations, obligations, agreements, or drafts of agreement, whether written or oral, with respect to the matters set forth herein, and there are no agreements, obligations, representations or warranties respecting said subject matter which are not set forth in the APA and/or this Assignment. Any discrepancy between this Assignment and the APA shall be governed and controlled by the APA.

4. This Assignment may be executed in any number of exchanged counterparts, whether by facsimile, PDF file or otherwise, each of which will be deemed an original and all of which together will constitute one and the same enforceable instrument.
