AFTER-ACQUIRED TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (this “Trademark Security Agreement”) is made this 31st day of December, 2019, by and among the Persons listed on the signature pages hereof (collectively, the “Grantors” and each individually “Grantor”), and BANK OF AMERICA, N.A., in its capacity as agent for the Secured Parties.

WITNESSETH:

WHEREAS, reference is made to that certain Third Amended and Restated Credit Agreement dated as of the date hereof (as amended, amended and restated, supplemented, or otherwise modified and in effect from time to time, the “Credit Agreement”) by and among Novanta Inc. (“Holdings”), Novanta Corporation, a Michigan corporation (the “Lead Borrower”), Novanta UK Investments Holding Limited, a private limited company incorporated in England and Wales (the “U.K. Borrower”), Novanta Europe GmbH, a limited liability company (Gesellschaft mit beschränkter Haftung) formed and existing under the laws of Germany (together with the Lead Borrower, the U.K. Borrower and each other Person to join the Agreement as a Borrower, collectively the “Borrowers” and each a “Borrower”), Novanta Inc., a company continued and existing under the laws of the Province of New Brunswick, Canada (“Holdings”), the other guarantors party thereto, the lenders party thereto as “Lenders” (such Lenders, together with their respective successors and assigns in such capacity, each, individually, a “Lender” and, collectively, the “Lenders”), and each Grantor is (i) a Loan Party under the Credit Agreement pursuant to the terms and conditions thereof and (ii) a party to that certain Second Amended and Restated Security Agreement, dated as of the date hereof (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the “Security Agreement”) pursuant to the terms and conditions thereof; and

WHEREAS, pursuant to the Security Agreement, Grantors are required to execute and deliver to Administrative Agent, for the benefit of the Secured Parties, this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. DEFINED TERMS. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement or, if not defined therein, in the Credit Agreement.

2. GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL. Each Grantor hereby unconditionally grants and pledges to Administrative Agent, for the benefit each of the Secured Parties, to secure the Secured Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the “Security Interest”) in all of such Grantor’s right, title and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the “Trademark Collateral”):

(a) all of its United States trademark and service mark registrations and applications including those referred to on Schedule I, and all renewals thereof;

(b) all goodwill of the business connected with the use of, and symbolized by, each of the foregoing;

(c) all income, license fees, royalties, damages and payments now and hereafter due or payable under and with respect thereto, including payments under all licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof;

(d) the right to sue for past, present and future infringements and dilutions thereof; and

(e) all products and proceeds (as that term is defined in the UCC) of the foregoing.

Notwithstanding anything contained in this Trademark Security Agreement to the contrary, the term "Trademark Collateral" shall not include any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of any such intent-to-use trademark applications or any registrations that issue therefrom under applicable federal law, provided that upon submission and acceptance by the PTO of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent-to-use trademark application shall be considered Trademark Collateral.

3. SECURITY FOR SECURED OBLIGATIONS. The Security Interest created hereby and by the Security Agreement secures the payment and performance of the Secured Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by Grantors to any of the Secured Parties, but for the fact that they are unenforceable or not allowable (in whole or in part) as a claim in any Insolvency Proceeding involving Grantors due to the existence of such Insolvency Proceeding.

4. SECURITY AGREEMENT. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to Administrative Agent, for the benefit of the Secured Parties, pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Administrative Agent with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

5. COUNTERPARTS. This Trademark Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when

executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Trademark Security Agreement. Delivery of an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Trademark Security Agreement. Any party delivering an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission also shall deliver an original executed counterpart of this Trademark Security Agreement but the failure to deliver an original executed counterpart shall not affect the validity, enforceability, and binding effect of this Trademark Security Agreement.
