## TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT (this “Assignment”), entered into this 19<sup>th</sup> day of August, 2019, is made by and between **Johnson & Johnson**, a New Jersey corporation with its place of business at One Johnson & Johnson Plaza, New Brunswick, New Jersey (“Assignor”) and **Everyday Health Inc.**, a Delaware corporation with its place of business at 345 Hudson Street FL 16, New York, New York (“Assignee”).

WHEREAS, Assignee and Assignor, Johnson & Johnson Consumer Inc. (“JJCI”) entered into an Equity and Asset Purchase Agreement, dated as of the 12<sup>th</sup> day of July, 2019 (the “EAPA”), pursuant to which, among other things, JJCI agreed to, and agreed to cause the Asset Selling Affiliates to, sell, convey, assign and transfer to Assignee, and Assignee agreed to purchase, acquire and accept from JJCI and the Asset Selling Affiliates, among other assets, the Trademarks that are part of the Transferred IP (as defined in the EAPA).

WHEREAS, Assignor desires to transfer and assign to Assignee, and Assignee wishes to acquire and assume from Assignor, the Trademarks set forth in Exhibit A hereto (hereinafter, the “Assigned Trademarks”) upon the terms and subject to the conditions set forth in the EAPA.

NOW, THEREFORE, for the consideration set forth in the EAPA and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Unless otherwise defined herein, all capitalized terms used in this Assignment shall have the respective meanings ascribed to them in the EAPA.

2. Assignor does hereby irrevocably assign, convey, transfer and deliver to Assignee, its successors and assigns, effective as of the Closing Date (as that term is defined in the EAPA), and Assignee hereby accepts, all of Assignor’s right, title and interest in and to the Assigned Trademarks in the applicable jurisdiction corresponding to each such Assigned Trademark, including without limitation, any common law rights associated therewith, together with the goodwill, if any, of the Business associated with the use of and symbolized by the Assigned Trademarks, and all the applications and registrations therefor depicted in Exhibit A, and all rights to (i) bring an action, whether at law or in equity, for past, present or future infringement or unauthorized use of the Assigned Trademarks against any third party in the applicable jurisdiction, (ii) any proceeds, benefits, privileges, causes of action, and remedies solely relating to the Assigned Trademarks and (iii) recover damages, profits and injunctive relief for all past, present or future infringement or unauthorized use of the Assigned Trademarks. The same to be held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors, assigns and other legal representatives as fully and entirely as the same would have been held and enjoyed by Assignor if the EAPA had not been entered into and this assignment and sale had not been made, as assignee of its entire right, title and interest therein, including without limitation, all rights in and to all income, damages and payments now or hereafter due or payable with respect thereto, and all causes of action, whether in law or in equity, with respect thereto. With respect to the pending applications set forth in Exhibit A, Assignor only represents and warrants that the applications have been filed with the respective Intellectual Property Office and that, once such

application is assigned to Assignee, Assignee shall be responsible for any further prosecution of that application.

3. Subject to the terms set forth in the EAPA, effective as of the Closing Date, Assignee shall be responsible for and shall pay all costs relating to the registration, maintenance and prosecution of the Assigned Trademarks, including payment of any associated fees therefor.

4. Subject to the terms set forth in the EAPA, Assignor will execute and deliver such other documents as Assignee, its successors and/or assigns may reasonably require in order to effect the terms of this Assignment and vest title in the Assigned Trademarks set forth on Exhibit A in Assignee, and Assignee shall be solely responsible, including for all expenses relating thereto, for the preparation of such documents and filing the same with the respective Intellectual Property Office to vest title in Assignee.

5. Assignor hereby grants the attorney-of-record the power to insert on this Assignment any further identifying information describing the parties or the marks listed in Exhibit A hereto, that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, or rules of other entities including but not limited to United States or foreign governments or patent and trademark offices, for recordation of this document.

6. Future Use of the Assigned Trademarks. After the Effective Date, Assignor agrees to make no further use of the Assigned Trademarks or any mark confusingly similar thereto, anywhere in the world, except as may be expressly authorized by Assignee in writing, and Assignor agrees to not challenge Assignee's use or ownership, or the validity, of the Assigned Trademarks. Assignor hereby acknowledges and agrees that from and after the date hereof, the Assignee shall be the exclusive owner of the Assigned Trademarks.

7. To the extent that any provision of this Assignment is inconsistent or conflicts with the EAPA, the provisions of the EAPA shall control.

8. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original, and together shall constitute one and the same agreement and shall become effective on the Closing Date. This Assignment, following its execution, may be delivered via electronic mail or other form of electronic delivery, which shall constitute delivery of an execution original for all purposes. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Assignment shall bind and inure to the benefit of the respective parties and their assigns, transferees and successors. This Assignment shall be governed by and interpreted and enforced in accordance with the laws of the State of New York, without giving effect to any choice of law or conflicts of laws rules that would cause the application of the laws of a jurisdiction other than the State of New York.
