## RELEASE OF SECURITY INTEREST IN INTELLECTUAL PROPERTY

THIS RELEASE OF SECURITY INTEREST IN INTELLECTUAL PROPERTY (the "Release") is made as of the 13th day of March, 2020, between Star2Star Communications, LLC, a Delaware limited liability company ("Assignee") and Western Alliance Bank, an Arizona corporation (the "Assignor").

WHEREAS, in connection with certain loan documents, Assignee and Assignor entered into certain loan and security agreements (as amended, supplemented, or otherwise modified from time to time, the "Agreements") for the purpose of securing certain obligations of Assignee to Assignor;

WHEREAS, pursuant to the Agreements, Assignee granted the Assignor, for the benefit of the Assignor, a security interest in all of the Patents and Trademarks (as defined in the Agreements) (collectively hereinafter the "Intellectual Property"), including the Patents and Trademarks, identified on Exhibits A and B, attached hereto, and pledged and mortgaged (but did not transfer title to) the Intellectual Property to Assignor;

WHEREAS, Assignor recorded the security interest with the United States Patent and Trademark Office at Reel/Frame 045174/0814 and 6289/0494 with respect to the Patents and Trademarks, respectively;

WHEREAS, all of the indebtedness and other obligations secured by the Assignor's security interest in the Intellectual Property have been repaid in their entirety, and the Assignor is therefore obligated to release its security interest in the Intellectual Property.

NOW, THEREFORE, for valuable consideration and pursuant to the terms and conditions set forth in the Agreements:

The Assignor hereby (a) terminates the liens and security interests created under the Agreements with respect to the Intellectual Property, (b) releases its security interest in the Intellectual Property, including without limitation, the Patents and Trademarks, identified on Exhibits A and B attached hereto, (c) discharges any and all rights, title and interest it has in and the security interest granted to the Assignor under the Agreements in the Intellectual Property, and (d) assigns and transfers to Assignee, without any representation, warranty, or recourse whatsoever, the Assignor's entire right, title, and interest granted under the Agreements in and to the Intellectual Property, effective as of the date set forth above.

The Assignor understands and agrees that this Release may be recorded by or for Assignee with the United States Patent and Trademark Office.

The Assignor hereby agrees to execute such further instruments and documents and perform such further acts as Assignee may deem necessary to secure to Assignee the rights herein conveyed.
